## GOLF TRIP 2016 Commercial Golf Club - Albury

Please Note: We are now taking final payments for the Golf trip at Commercial Golf course in Albury. The date of the golf trip will be **Friday 9<sup>th</sup> to Sunday 11<sup>th</sup> DECEMBER 2016. The Cost is \$330.00.** We have booked for 28 players (3 people per room).

Please see list attached to the end of this email to find out how much you have paid and therefore how much is left outstanding.

The club has pretty much reached capacity as we have only booked tee times for 32 players for each golf course for the year so it is vitally important to confirm your status for each month as early as possible. At the bottom of this email every member has been marked as status unknown and it is your responsibility to send us a message to say if you are in or out. Until we receive a text message, email or phone call you are not guaranteed a spot. We cannot promise we can accommodate more than 32 players so it is a matter of first in first served and the earlier we get numbers the better the odds of contacting the course to try to get an extra few spots if we need them.

# Yarrambat Golf Course Results

## October

The fairytale finish to his 100<sup>th</sup> round was all so, so very close for Tony MacIsaac. The year 2016 has already been dubbed the year of the underdog and the experts and the media will be talking about the last 12 months as a phenomenal period of history when the impossible became possible and the unexpected became the norm. Whether it is the Earth's proximity to the planet Uranus, the global change in atmospheric Methane or some other unforeseeable force, there is no doubt that eventually the experts will find some scientific reason why the year 2016 has produced more miracles for the global history archives than any other period of time and interestingly Tony Mac almost became part of it on his 100<sup>th</sup> Sunday Leave Pass round.

When Michelle Payne became the first ever woman to win the Melbourne Cup in November last year it started a global shift which has since created a trend for all of the other down and outers to chase down and actually realize their dreams.

Since that inspired event the headlines have been flooded with good news and miracle stories, where David beat the odds and got up against Goliath.

Let's just reflect on the events of the last 12 months since then.

- Cronulla Sharks won their first and only premiership in their 49 year history
- The injury riddled Western Bulldogs broke a 62 year drought and came from 7<sup>th</sup> to win the AFL premiership.
- Leicester City won the Premier League despite starting at longer odds than you get betting on seeing Elvis alive.
- Angelique Kerber denied Serena Williams her 22<sup>nd</sup> grand Slam title when she won the 2016 Australian Open.
- Fiji won its first ever Olympic Gold medal after 60 years of competition in the Men's Rugby 7's.
- Joseph Scholling won Singapore's first ever Gold medal and he did so beating the greatest swimmer ever, Phelps
- Danny Willett won the US masters at 50:1 after a late entry only because his wife's baby came early.
- Who knows, Next month the US might (should) have their first ever female president.

There have been hundreds of these events popping up all around the globe and Tony Mac was only 2x shots short of adding his name to historical folklore when he finished his centennial round at Yarrambat.

You can just imagine the pandemonium and excitement that would have broken out around the world if word had got out that

A) Tony Mac had shot a sub 100 round of golf and

B) Tony had actually won his first ever Sunday Leave Pass monthly season title and did so in his 100<sup>th</sup> round.

After running through his banner (as it was deemed too dangerous for anyone to stand next to it while Tony tried to hit a drive) it was a nervous start for him.

The little green monster in his subconscious mind tried to tell him that he was never going to win. A triple bogie, triple bogie start was not the fairytale beginning that he had hoped for but it also was not as soul destroying compared to what some other members had on the outward first few holes. Then with a double bogey on third hole and a bogey on the fourth Tony started to gain some momentum and confidence. By the time he had parred the 6<sup>th</sup> hole (his 128<sup>th</sup> ever) Tony was starting to believe that the words on his banner could actually be true and that “**Miracles can happen.**”

Tony came within inches of adding the fifth NTP title to his career accomplishments when he played a brilliant 5 iron onto the 8<sup>th</sup> green. Unfortunately he was ripped off by Andrew Clarke who was only too happy claim the prize and to kill Bambi, in the process and he even did so with a big smile on his face. Luckily Tony was at least able to knock in his 12<sup>th</sup> successful career birdie putt into the hole (his 3<sup>rd</sup> Birdie on a par 3) and he won the raffle tickets for the skin jackpot on the 8<sup>th</sup> hole and then from that moment on it was a procession of good scores all of the way back to the car park.

It was a golden day for T. Mac, unlike many others he never looked like posting a Newell (Score of 10 or more) his putting kept him in the game and he was unlucky to only finish in 4<sup>th</sup> place as he only finished just 2 shots off the leader. The good news is 2016 is still alive so there is time still to live out the fairytale especially when next month is out in the eastern mountains (Marysville) where Tony is reputed to play his best golf. Tony’s two best finishes have been 2<sup>nd</sup> place and both rounds were played at Warburton which is another picturesque, mountainous, bushy golf course that suits Tony’s style of game.

After a week of heavy downpours and an uninviting weather forecast on Sunday, the weather turned out to be pretty good, however it was Stu Coops who rained on Tony’s parade. Stu shot 38 on the front nine and still left several shots still out on the course. Stu was also only one over par through the first three holes on the back nine when word got out that Tony was having a blinder and it looked like he could post a winning score. Being such a fine clubman and a big Tony Mac fan, Stu did the most honorable thing he could possibly do. He posted a triple bogey on the 13<sup>th</sup> hole a quadruple bogey on the fifteenth and bogied each of the other holes, and he only carded a par on the 18<sup>th</sup> once he heard that Mick Harper had not been so generous and had deliberately bumped Tony off the winner’s podium already.

Mick shot the lowest score for the day with 79 off the stick. Nett 70. The par on the last gave Stu a Nett 69 and the September monthly title although it is mind boggling to think what he could have scored had he not done a Nick Kyrgios and tanked the back nine giving away 10 shots after the turn and 7 of them in just 2 holes.

Stu won himself 15 championship points which puts him within striking distance of the top position. After this month the points tally has tightened right up. Andrew is now just one point ahead of the four times bridesmaid Mick Harper.

Perhaps the 2016 fairytale ending might be Mick Harper claiming the illusive championship title, although the plot thickens because Tony Mac has moved up into 3<sup>rd</sup> place and is still only 9 points in arrears with two rounds to go.

One player who won’t be winning the seasons championship this year is the Supercoach. He provided undeniable evidence that he is a far better Fantasy Footy punter than he ever will be a golfer. Mark Sfiligoj had a horror start to the day. His first drive never got past the ladies tees, well actually he never actually managed to hit the ball at all. As to be expected the twice voted leather wedge winner denied the air-swing and tried to convince everyone that he was just having a practice swing while standing very close to the ball. Fils air-swing on the first opened up the door a very full fine jar as he copped \$2 for missing the ball, \$5 for not getting past the ladies and he finished the same hole by winning the monkey vest with a three putt green. Magilla Gorilla as we used to call him at school ended up wearing the vest for the entire first nine holes, and he only lost it briefly on the back nine but still managed to be the three putt monkey at the end of the day aswell. To make what was a bad day worse he also failed to get past the squatters tees on several other occasions, in fact even his good drives as shown by the photos supplied by Tom K. were still only just past the red tees. Not surprisingly the Supercoach posted the worst round for the day and his score of 113 Nett 95 will mean he will be obliged to wear the beer wench vest next month at Marysville.

15<sup>th</sup> Hole a drive that got passed the ladies tee’s if only by a few centimeters.

14<sup>th</sup> Hole Longest drive for the day

As it is highly likely that the supercoach will renege on his obligation to wear the Pink dress and he will not turn up to play sprouting some unimaginative excuse why he cannot play at Marysville, so we thought it was important to give all of those who have already reluctantly fulfilled their responsibility to be Beerwench to get the pleasure of seeing Fil dressed in pink. We googled his name and also the word Beerwench and we were lucky enough to find a couple of successful hits.

Although Fil finished in last place, Chris Sfiligoj was not far off the mark either. Chris went out in sympathy for his brother, he even went as far as to play an exact replica of Fil's airswing when he played and missed on the par 5 seventh hole. To his credit Chris never denied the shot as being legitimate, not that he could have anyway especially since he had actually already made 9x practice swings before he moved in to address the ball to take a shot and missed.

Chris found the conditions at Yarrambat tough, he like his brother spent the majority of the day walking around with the monkey on his back. Well the monkey vest anyway.

Chris struggled to deal with the monotony of miraculous recoveries he was witnessing from his playing partner Stu Coops who was able to return his ball back on to the green from any lie, anywhere out on the golf course. It was frustrating for Chris who was getting the wrong rub of the green and eventually it all culminated with an explosoin and brain snap on the 14<sup>th</sup> Hole when the normally mild mannered Sfiligoj smashed his pitching wedge into the turf after a good chip hit on to the front edge of the green, stopped, propped and then rolled back down the hill towards him.

The club stuck hard and fast in the earth and Peter Hutson said trying to pull it out was like the famous tale about King Arthur's sword **Excalibur** as it took super human strength and three people to try to extricate it from its hold.

It wasn't just the fairways that had a firm grip of things. Rick Turcinivic soon discovered that the bunkers had a magnetic force all of their own. On the 8<sup>th</sup> hole Rick accidentally hit his 2<sup>nd</sup> shot into one of the water sodden sand traps. As was required in a water filled bunker under the rules of golf he retrieved his ball and treated the hazard as GUR. Unfortunately his next shot didn't clear the bunker and his ball disappeared into the water never to be seen again. Rick dropped a new a new ball and splashed it back into the puddle. He found it played another ball into the drink and lost it again. After a ten minute search he was unable to find either of his two lost golf balls so he declared them both lost, the bunker was renamed the Bermuda Triangle and Rick went on to finish the hole with a devastating score of 8 on the score card.

Evidently the proshop at Yarrambat sent a scuba dive out to the Bermuda Triangle bunker yesterday and they now have an assorted bag of near new golf balls for sale including 2x Sunday Leave Pass balls with a smiley face drawn in black ink.

The golf course was in amazing condition considering the past weeks weather, although we played preferred lies it was not necessarily required. The advantage of having preferred lies is that you can mark, clean and place your ball within a hand span of where it came to rest. Big Ball Breasley struggled with the concept as he would mark his ball with a tee, then he picked up the ball which was more often than not sitting nicely on a beautiful tuft of grass like it was on a tee, then he would go over to his buggy, clean the ball to remove all of the mud off of it, only then to go back to his position and drop the ball from 5 feet high and it would undoubtedly plug into the mud and be dirty again and on a worse lie than had he left the ball as it was and played it as it lay.

The difficult lies and dirty balls made it a tough day for Greg and in the wash up he was only one shot short of going back to back with the beer wench vest. He was pretty quick to hop it out of the car park at the end of the day but even still we did get time to snap a photo of him sporting the Beer Wench vest and the three putt monkey vest at the same time.

Damien Vanterpool had the experience of a life time and for the rest of us we can be proud to say that we have found the weakness in his coat of arms. The health and fitness guru from Anytime fitness is a perfect physical human specimen. He has muscles on his muscles, he is very easy on the eye, he has a fluid golf swing and he comes sporting an American accent. Damien treats his body as a temple so he was destroyed beyond repair when he had the initiation ceremony on Sunday of trying to eat and digest his fist ever Four n Twenty meat pie. As a gesture of good will the club shouted all of our members a meat pie at the turn and for Damien this was not the most positive of experiences. Damien was tracking reasonably well but after the first bite of the pie he fell into an irreparable downhill spiral. His next 3 shots were shanks and he started to shake and his color changed to green. Big Mick didn't help the cause when Damien asked what type of meat they actually put in the pies and big Mick as casual as you like said, see that over there, and pointed to one of the kangaroos on out the golf course and said "see that there it is not only our National Emblem animal but it will also actually be harvested to be put in a pie next week.

Needless to say Damien was out of the carpark and heading for the gym and purging like a model in a Miss Universe competition even before the final groups had checked in at the end of their round. Be warned SOS and the fine police will be hunting him down for the 3x \$2 fines for his shanks down the 10<sup>th</sup> hole.

Practice did little to help Newell and Leigh who both were caught out when they were hitting a bunch of practice balls prior to heading towards the first tee. Leigh had his swing in a rhythm however he might have been better places spending the time on the putting green, especially since 41 putts out of 91 hits is not a successful outcome and could have cost him his chances to win the seasons championship.

Newell (Highway) was a classic, he justified the purchase price for the range balls as \$7 for a bucket of ball plus a \$2 fine which he saw as pretty good value for money. Newell a score of 117 and finished in 22<sup>nd</sup> place but was still sprucing about his brilliant round on the Pitch and Putt course in the UK were he shot 106.

In what was forecast to be very testy conditions there were some very commendable scores, to finish in the top 10 required a score of very close to par or better. Stu Coops was the best of the bunch although he alleges to have tanked the back nine to get Tony Mac. over the line, his score of Nett 69 was still good enough to win the day.

Ever the bridesmaid Mick Harper finished in 2<sup>nd</sup> place to ove up to 2<sup>nd</sup> place on the end of year points tally. Peter Hutson was very impressive with the flat stick coming in with only 31 putts and only managing to wear the three putt monkey vest for less than 30 seconds. Peter shot 89 off the bat and therefore beat Tony Mac on a countback with 71 Nett. When ttwo or more players have the

same Nett score the player rankings are then determined firstly by the total number of stableford points scored on the back nine and then if that is the same then the placing is allocated looking at the number of points scored working backwards from the 18<sup>th</sup> hole, 17<sup>th</sup> hole etc until someone has a better score.

Nearest to the pin prizes were won by:

**4th Hole**                      **Stuart Cooper** (missed a Gimme)

**8th Hole**                      **Andrew Clarke**

**12th Hole**                    **Phil Plane**

**16th Hole**                    **Rick Turcinovic**

**Longest Drive**              **Andrew Clarke**

### Reminder

The ball must be clearly on the CUT surface of the green or fairway to win NTP or longest drive. If it is not on the fairway it doesn't count.

Each player won 1 ball each.

### Golf Balls are owed to the following people:

**Stuart Cooper**              **x3**              **Winner at Yarrambat**

**Will Fernie**                **x3**              **Winner at Ringwood**

**PLEASE NOTE:** This year the monthly winner has the option of exchanging the number of balls owed to Raffle tickets for the end of year prize draw.

Just a reminder that for every round you play you are awarded a raffle ticket to go towards the end of year raffle, then extra tickets are issued if you wear the official club shirt plus extra tickets can also be won by winning a hole in the monthly skins competition.

“SKINS” were distributed to those players good enough to win a hole outright. If more than 1 player got the lowest score on a hole it is Jackpotted until an outright winner occurs.

Skins at **Yarrambat** were won by:

1	<b>John Mea</b>
2	<b>Stuart Cooper</b>
3	Jackpot
4	<b>Tom Thorn</b>

Tom Thorn	x2
Tony MacIsaac	x2
Ron Parsons	x2
John Mea	x1
Stuart Cooper	x1
Cliff Rowe	x1

Stu Cooper has been docked a shot this month, Mick Harper with 79 off the stick has been savaged by the handicapper moving back down to 8.8. Poor Cluffy Rowe can't catch a break and his good rounds keep coming back to bite him. Cluffy was given some respite last month as he temporarily went out to 11.8 but that didn't last too long as the handicapper as decided with another score in the low 80's he better to be playing off a handicap of 9.3.

Interestingly not one of our players actually went out this month. Every member either remained on the same handicap or came in a bit.

For those people interested in the mechanics of the handicapping system it can be best explained as the following.

### How to calculate a GA Handicap

#### To calculate a player's GA Handicap:

- you must firstly identify the player's most recent 20 scores,
- you then determine the 'Played To' value for each of these scores,
- you average the best 8 'Played To' values,

• and finally you multiply this average by 0.93. The resultant figure (to one decimal place) is the player's GA Handicap.

o If a player's handicap record contains a lesser number than 20 scores, the number of scores used to calculate the player's handicap is as listed in the table below.

o There is no requirement for a player's most recent 20 scores to have been returned within a specific timeframe. For example, the most recent 20 scores may span a period of three years or they may span a period of three months.

o Once a player's handicap record contains 20 scores, the next score they return will result in the oldest of the existing 20 scores being removed (to be replaced by the new score).

#### Full Technical Procedure for Calculating a GA Handicap

STEP 1 – Use the table below to determine the number of scores to be included in the GA Handicap calculation:

Number of Scores in Player's Handicap Record	Scores to be Used in the Calculation
--	--------------------------------------

3 to 6	Best/Lowest 1
--------	---------------

7 or 8	Best/Lowest 2
--------	---------------

9 or 10	Best/Lowest 3
---------	---------------

**This is what is killing Cliffy Rowe at present**

11 or 12	Best/Lowest 4
----------	---------------

13 or 14	Best/Lowest 5
----------	---------------

15 or 16	Best/Lowest 6
----------	---------------

17 or 18	Best/Lowest 7
----------	---------------

19 or 20	Best/Lowest 8
----------	---------------

Note: When the handicap record contains more than 20 scores, the GA Handicap calculation uses the best 8 of the player's most recent 20 scores.

## HANDICAPS

The changes to player's handicaps are as follows:

**BOLD RED NUMBERS**- refer to players whose handicap has gone out

**BOLD GREEN NUMBERS**- refer to players whose handicap has come in

**BOLD BLACK NUMBERS**- refer to players whose handicap has remained unchanged

**NON BOLD NUMBERS**- refer to players who didn't play this month so handicap has not changed

As a new member of the Social Club the Callaway Handicapping system is used to give the player a daily played to handicap for the first couple of rounds. Once they have played 3 rounds they are given a temporary club handicap using the original AGU handicapping system. After 5 rounds they are then switched across to the current slope handicapping system.

This system is used for determining fair allowances for social golf events that attract novices or occasional golfers. A player's Callaway handicap is determined after each round by deducting from his/her 18 hole gross score the scores of the worst individual holes during the first 16 holes of the round.

In the computation of handicaps under this system:

- No hole may be scored at more than twice its par,
- half strokes count as a whole,
- the 17th and 18th holes are never deducted,

For example if a player scores 99 on the day their handicap would be calculated as the sum total of their (3 worst holes) +1

If a player scores 82 on the day their handicap would be calculated as the sum total of their ( worst + ½ the 2<sup>nd</sup> worst hole) -1

If a player scores 120 on the day their handicap would be calculated as the sum total of their (five worst holes) +2

After 3 rounds they will be allocated a temporary handicap using the old AGU handicapping formula and then after 5 rounds they are elevated onto the official Slope handicapping system which was use thereafter for all club competitions.

**Just a reminder that next month we will be playing at Marysville and as part of playing there we have the option of taking part in the Marysville Golf Club Annual championship tournament. For those that have never played in it before please be aware that it is a great day. \$60 will include Green Fees for 27 holes of golf and lunch and entry into all relevant eligible prizes for the day. We will also be running our own 18 Hole Sunday Leave Pass competition as per any other month with the same NTP, Longest drive and all the usual fun and frivolity that we get upto. The event is run as a shot gun start so everyone needs to be there on time and to register with the competition organizers who will allocate us tee times etc, etc. Be warned that there is the possibility that we get mixed up in the field however the organizers will try to keep us together as much as possible.**

**There is the option of only playing 18 holes instead of 27 holes and I will find out the specifics and price if some of you would rather only do the one round of golf. As this is a formal competition any players who hold an official golf link AGU handicap will be eligible to enter into the A, B or C grade handicap events. Unfortunately as good as we think we are the SLP handicap is not a globally recognized and acceptable handicap so those who are not registered with Golf Link can only win the SLP handicap 18 hole event and enter the gross competition and win any or all of the NTP and longest drives on offer in the Marysville Competition.**

**I will be chasing confirmation numbers as early as next week so I can liaise and coordinate with the event organizers so please RSVP ASAP.**

## A word from our sponsors

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high quality printing service. He will gladly do a good deal for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through **DNR print** via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

*Evergreen Winery Tours*

*Yarra Ranges Wine Regions*

Sponsored by

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffer Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So start aiming at the hole we want to give it away this year there was a few close calls over the years but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur's at 1 in 12,750.")  
The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
