GOLF TRIP 2017 Corowa Golf Club

Please Note: The Golf trip at Corowa Golf course has sold out. The date of the golf trip will be **Friday 8th to Sunday 10th DECEMBER 2017**. The Cost is **\$330.00**. If you haven't already paid a \$30 deposit then please do so this month.

PLEASE NOTE: The club has pretty much reached capacity as we have only booked tee times for 32 players for each golf course for the year so it is vitally important to confirm your status for each month as early as possible. At the bottom of this email every member has been marked as status unknown and it is your responsibility to send us a message to say if you are in or out. Until we receive a text message, email or phone call you are not guaranteed a spot. We cannot promise we can accommodate more than 32 players so it is a matter of first in first served and the earlier we get numbers the better the odds of contacting the course to try to get an extra few spots if we need them.

To notify us of your status click on one of the following links [YES](#) or [NO](#) or email direct to studaydream@gmail.com

We will not prioritize old members over new members. Old members know the ropes and should be able to confirm their status by sending a reply ASAP to ensure a spot is saved for them. This month we had 31 players with a quite a few of the regulars missing, so be warned to get in early if you want to get a tee time. At Dorset I have managed to book for up to 40 players however 2x groups will hit off the back nine at 8am and play the course in reverse.

UNTIL YOU HAVE CONFIRMED BY EMAIL NO SPOT IS BOOKED FOR YOU.

2017 FOOTY TIPPING COMPETITION

There were a lot of guys who for whatever reason didn't join the footy tipping competition. It is not too late to take part, if you sign up this week you will be given all of the away teams or the comp average and then you will be in the mix for the prize money at the end of the year especially since there was so many upsets over the weekend that the scores were very low.

As the guys who were not in the competition already discovered on Sunday, we will fine you for not tipping anyway so you might as well join in and be in the running for a good cash payout in September.

Centenary Park Golf Course Results

March

The late withdrawal of the Supercoach worked in the favor of Andrew Clarke. We had deliberately paired last year's club champion with Fil just to ensure that he played badly again this month and continued on with his premiership hangover form. History shows that nobody ever plays well when they have the Supercoach yacking incessantly in their ear for 4 hours about absolutely nothing and most golfers find it difficult if not impossible to build a good round while they are getting unsolicited advice from a bloke whose handicap has actually gone out from 15 to 22 in just 2 years.

Andrew capitalized on his good fortune and sizzled around the front nine shooting a 2 over par 38. It appeared as though the monthly title was definitely going to be delivered to Faulkner Street, Forest Hill it was just a matter of whether it was going to go to number 50 or number 54. Unfortunately the guy at number 52 was never in the hunt for the title, Stu had a nine on the fourth hole and then backed it up with an 11 on the ninth hole to finish the front nine with a Newellesque like score of 56.

Evidently Andrew received a text message from the Supercoach midway through his round and that was enough to put the jinx on his impressive score, he choked and the resultant 3x double bogies and 5x bogeys on the homeward stretch cost him the monthly title and handed the 15 championship points to his neighbor, Newell.

There was much discussion about the fact that Newell was not at Centenary Park on Sunday, the truth of the matter is there were plenty of Newell's on Sunday. Strangely it was on Saturday when they were suspiciously missing. Stu Coops had a Newell on the 9th hole (score of 10 or more.) Barry blew what was otherwise a great round with a Newell on the 17th. Big Ball Breasley Newelled the first and followed it up with a Newell+1 and a Newell+3 on his way to his 2nd Beer wenching crown for the year.

Newell has already put an application in to the SLP committee to have the definition of a score of 10 or more changed away from a Newell because for the first time in his career he managed to go 18 holes without racking up a double figure hole. The impact of the lack of Newell's on the scorecard was quite dramatic. Highway smashed his career best round by 7 strokes and went sub 100 for the first time by shooting an impressive 95 Nett 62. That score was 5 shots better than his nearest rival, although it should be noted that Chris Sfiligoj did have an eight on the first hole after failing to hit his first drive past the ladies tees and even with a disastrous opening hole he was able to recover and beat the other 30 competitors in the field. With a first at Warburton and 2nd place ranking at Centenary Park, Chris has collected 29 points and has moved up to the top of the season championship ladder.

Chris has made a significant improvement in his game in just a couple of months so there are questions being asked as to whether he has been hanging out with or if he is following the same game plan as Ben Cousins, and a few of the 2006 West Coast Eagles players. We may need to swab him before the Dorset round and then commission a Gillard report to be archived and then dragged out in 2027 to ensure that we can retrospectively go back and challenge his victories 10 years later.

While Chris' form may be chemically enhanced, Newell's success on the other hand is physically activated. Highway was able to make full use of his stay at home dad status and while his wife was out working hard to put bread on the table his social calendar last week constituted of the following activities.

Monday – Ringwood Golf Club 18 hole competition. (41 stableford points. Disqualified because he paid his fees after the round)

Tuesday – Lesson with Darren Rowland. Ringwood golf professional and then 9 holes practice.

Wednesday- 18 holes at Churchhill Park and lunch with the SLP handicapper.

Thursday – Driving Range Morack and then 9 holes practice.

Friday – 18 Holes at Churchhill Park. Then Driving Range at Morack.

Saturday- Shot the lights out at Centenary Park.

Sunday- Called, texted and emailed every member of Sunday Leave Pass Social club to check on their scores to see if he had won.

Centenary Park is a great track to play golf on, the fact that all of the top 5 scores were below Nett par is testament to the quality of the golf course. On the other hand there were many other players who were punished for hitting a wayward stroke and the handicapper has been quite generous in adding a bit extra for those who failed to perform this month.

Although Highway didn't play on Sunday with the rest of the field at least he managed to get out and swing a club, as a loyal social club member he did whatever he could to be involved with the group which is more than we can say for the February Beer Wench Will Fernie.

Popeye (Will) claimed that he was busy with a prior family engagement and therefore not able to make it out onto the golf course. However his good mates Damien and Brad said that it was more likely that he decided he didn't want to play as soon as he found out he was the beer wench because he suffers from a Freudian gender inferiority Oedipus Complex and he was scared of putting on a dress just in case he enjoyed it too much.

The Sunday Leave Pass rules are pretty simple. If you play shit you pay the price. Big Mick is living testimony to that. After 3 putting the 11th hole he was left to wear the yellow vest and he his golf went down the toilet from then on.

When we arrived at the end of the 12th hole there was an exposed toilet bowl sitting out in the open. We weren't quite sure why it was there but we later discovered that it had previously been the Centenary Park member's emergency toilet block until big Mick stopped at it to drop a load.

Evidently the buildup of methane, bourbon breath and the gas from Saturday nights kebab stop on the way home from the pub was all too much for the structure and when Big Mick lit up a smoke while sitting on the can he blew the walls and ceiling right off the foundations.

Mick blew the walls clean off, as you can see by the scrap metal strewn off in the background.

The wheels literally fell off of Barry Hemsley game before he even played his first stroke. Somehow Baz managed to roll his golf cart on his way to the first tee.

Soon after he was seen hiding off to the side praying to the sun Muslim - Salah style. He claimed he wasn't actually praying but doing his regular stretching exercises but either way, whatever he was doing, it worked because he carded yet another credible top 15 finish.

Perhaps a few of the others should have prayed before they stood up to launch their ball from the first tee. Chris, Douggo, Phil and Tony Mac all failed to hit their balls passed the ladies tees.

Each of the boys pushed their balls out towards the lake and each time the same chorus rang out. "You didn't get passed the ladies tees but at least you also didn't get passed the red stakes so you're not in the hazard."

Tom & Vedran both hit there drives onto the middle of the cart path and Gerard hit a snap hook into bush so thick that not even elephants would have gone into there to die.

Big Ball Breasley didn't even manage to get his ball past his golf tee. Greg started his character building round with an air-swing. Even though he tried to pull a Mark Sfiligoj and claimed it was just a practice swing there was absolutely nothing at all that was going to help him keep him out of the last position ranking. Greg had 45 putts for the day, eleven of them in the first three holes. With an air swing, not getting past the ladies and 3x four putts Greg easily achieved the capped \$10 fine jar maximum by the end of the front nine.

The Saturday round proved less successful for Jamie and Dale than it was for Highway. Both boys have already shown some quality form at the start of the 2017 season so they were both excited to being able to play a catch up round because they were unavailable for Sundays tee time. Sadly the prospect of watching and listening to Newell have a career defining round was just too much to handle and their games deteriorated the more Newell's game blossomed. By the end of the day both had scored bat raised into the air, centuries and were shattered in the knowledge that they were at least 19 strokes off the pace and destined to be at the bottom of the points run down.

If a picture tells a thousand words then the photo of Jamie and Newell after the game is the entire dictionary of emotions.

You have to love the congratulatory snarl on Jamie's face and if you look close enough you can actually see the tension in his forearms and the cracks in the Crown stubby from where he is crushing the bottle because he is gripping it so tight.

We are going to run a thought bubble competition. What is Jamie saying or thinking?

The best, funniest, most creative answer wins 6 golf balls.

There were some very good rounds of golf again this month but Newell's effort was definitely the best of the best. A career record 95 off the stick gave him a 5 stroke buffer over his nearest rival. If you haven't heard about his round yet you can log into his blog <http://www.sundayleavepass.com/newell-is-the-greatest-golfer-in-the-world/> or you can check him out on facebook where you can download his scorecard and watch a direct feed with a shot by shot commentary on how he mastered the Centenary Park Golf Course.

Chris has proven that he is not only the intelligent, humorous and good luck Sfiligoj but also that he has the sporting talent as well. Chris backed up his win at Warburton with a second place finish which has elevated him to the top of the points leaderboard. Douggo excelled on a course that boasts more holes which designed to favor a left handed slicer than any other golf course in the entire world.

Despite his choke, Clarke's 2 over par front nine, was still good enough to enable him to post his first top 15 finish for the season. He talked a big game at the start of the year and if what he produced on Sunday is anything to go by he might just be able to go back to back if he can keep the oxygen in his lungs for the entire round of golf.

Col Ewart is a sleeper who is currently flying well and truly under the radar. He invested in some new hardware at the start of this season and since getting the new clubs he has featured in the top 5 every month. Congrats to Col and we do hope it is actually the golf clubs that have improved your game, in other words we hope we don't find out later on in the Gillard report that you are going to the same chemist/dealer as Chris Sfiligoj.

For the benefit of the newcomers or the uneducated we thought it would be a good opportunity to go through the player rankings and point scoring system again.

Sunday Leave Pass competitions are run using Stroke so you need to count every shot that you play and you need to finish every hole. Each players Nett total score is then calculated by deducting the players handicap from the Gross score. If a player doesn't

have an official Sunday Leave Pass handicap then a temporary played to handicap is allocated on the day using the Callaway handicapping system.

Once the players Nett score is calculated they are ranked from lowest score to highest score. (BeerWench) Where more than one player has the same Nett Score then the place allocations are decided based on a countback system.

The count back system is formulated as the following.

*Total number of stableford points scored on the back nine holes.

*In the event that both players have the same stableford score on the back nine it then reverts to the number of stableford points scored on the eighteenth hole. If this is the same then it goes to the 17th hole, sixteenth hole, fifteenth hole until a players has a better hole and therefore has a higher stableford score than the other.

Once all of the players are ranked then the Seasons Championship points are allocated according to the position in the field.

The player in 1st place gets 15 points, 2nd place 14 points, 3rd place 13 points, etc etc. Any player who completes the round however finishes ranked outside the top 14 and is placed between 15th spot to BeerWench then they are all allocated 1 championship point for attending.

The player with the most points at the end of the year is crowned the Points champion irrespective of how many rounds a person has played. If one person plays 13 rounds for the year and the person in 2nd place has only played 10 rounds but is close to the same score then that is bad luck to the person in 2nd place. All players are invited to play the entire fixture. We reward participation rather than perfection and performance so if you play more often you will end up with more points.

 8th Hole Gerard MacIsaac
 13th Hole Brad Hughes
 18th Hole Stuart Cooper

Longest Drive Brad Hughes

Golf Balls are owed to the following people:

Newell Richards x3 Winner at Centenary Park

Reminder

The ball must be clearly on the CUT surface of the green or fairway to win NTP or longest drive. If it is not on the fairway it doesn't count.

Each player won 1 ball each.

Dale Robinson x3 Winner at Marysville
 Dale Robinson x1 NTP at Gardiners Run 11th Hole
 Brendan Waters x6 Eaglesnest Jackpot Eagle 2 at Warburton 13th Hole

PLEASE NOTE: This year the monthly winner has the option of exchanging the number of balls owed to Raffle tickets for the end of year prize draw.

Just a reminder that for every round you play you are awarded a raffle ticket to go towards the end of year raffle, then extra tickets are issued if you wear the official club shirt plus extra tickets can also be won by winning a hole in the monthly skins competition.

“SKINS” were distributed to those players good enough to win a hole outright. If more than 1 player got the lowest score on a hole it is Jackpotted until an outright winner occurs.

Skins at Centenary Park were won by:

- 1 Vedran Martinovic
- 2 Tony Maclsaac
- 3 Mick Harper

Mick Harper	x1

The golf course conceded some pretty good scores and as a consequence the handicapper took the liberty to shave the handicaps of a good proportion of the field especially since Dorset is famous for producing some amazing results. Highway got away lightly considering his score. This was because his score was so far outside the standard deviation that the sum of all of his previous best rounds weighs far more heavily than the single outlier round. Had we been using the old handicapping system Newell would have come down from 33 to 28 however we aren't so he only lost a shot and a bit. The biggest movers in were Andrew Clarke, Chris, Colin, Barry and Tom.

For the benefit of all concerned and especially the new comers we have included a detailed explanation as to how the handicapping system works. What is important to note is that during the early rounds your handicap is dictated by your best scores. If a player has a very low out of the ordinary round, this will become the anchor point and will hold your handicap down very low.

The more rounds you play the more the scores average out until you have after you have completed 18 rounds or more where you handicap becomes a more accurate and true reflection of your playing ability. At this point your handicap becomes the average of the sum of your best 8 scores from the most recent 20 rounds multiplied by 0.93 which becomes your handicap.

As a new member of the Social Club the Callaway Handicapping system is used to give the player a daily played to handicap for the first couple of rounds. Once they have played 3 rounds they are given a temporary club handicap using the original AGU handicapping system. After 5 rounds they are then switched across to the current slope handicapping system.

After 3 rounds they will be allocated a temporary handicap using the old AGU handicapping formula and then after 5 rounds they are elevated onto the official Slope handicapping system which was use thereafter for all club competitions.

For those people interested in the mechanics of the handicapping system it can be best explained as the following.

How to calculate a GA Handicap

To calculate a player's GA Handicap:

- you must firstly identify the player's most recent 20 scores,
- you then determine the 'Played To' value for each of these scores,
- you average the best 8 'Played To' values,
- and finally you multiply this average by 0.93. The resultant figure (to one decimal place) is the player's GA Handicap.

* If a player's handicap record contains a lesser number than 20 scores, the number of scores used to calculate the player's handicap is as listed in the table below.

* There is no requirement for a player's most recent 20 scores to have been returned within a specific timeframe. For example, the most recent 20 scores may span a period of three years or they may span a period of three months.

* Once a player's handicap record contains 20 scores, the next score they return will result in the oldest of the existing 20 scores being removed (to be replaced by the new score).

Full Technical Procedure for Calculating a GA Handicap

STEP 1 – Use the table below to determine the number of scores to be included in the GA Handicap calculation:

Number of Scores in Player's Handicap Record Scores to be Used in the Calculation

5 to 6	Best/Lowest 1
7 or 8	Best/Lowest 2
9 or 10	Best/Lowest 3
11 or 12	Best/Lowest 4
13 or 14	Best/Lowest 5
15 or 16	Best/Lowest 6
17 or 18	Best/Lowest 7
19 or 20	Best/Lowest 8

Note: When the handicap record contains more than 20 scores, the GA Handicap calculation uses the best 8 of the player's most recent 20 scores.

PLEASE NOTE we have more people expressing interest than we have tee times booked. Please ensure you reply as early as possible as I cannot guarantee extra tee times. There is no priority to long term members, places are allocated on first in first served. Everyone has the opportunity to reply to correspondence sent to them to secure a place in the field.

A word from our sponsors

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high quality printing service. He will gladly do a good deal

for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through *DNR print* via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

Evergreen Winery Tours

Yarra Ranges Wine Regions

Sponsored by

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffeur Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So start aiming at the hole we want to give it away this year there was a few close calls over the years but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur's at 1 in 12,750.")
The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
