

Dorset Golf Course Results

March

It's funny, I left the controls in the hands of SOS and Newell and everything has gone pair shaped. Obviously the round at Dorset was a run in complete anarchy and the theory of anything goes was the order of the day. How else could it be, that Cliff Rowe and Andrew Clark hit career best rounds of 75 when their previous best were 82 and 84. Although we have no evidence to say any of this occurred.

The eagles nest was raided while I wasn't watching as Leigh MacIsaac claimed an eagle 2 on the fourth hole after plonking his drive to within 2 feet of the flagstick. Even Geoff Cooper was allowed to write a birdie on his scorecard and he was given a prize ball for a NTP prize which is very difficult to accept.

Normally the scores & results would have been entered into the data base and the fine jar and bar sales would have been accounted and audited on Sunday night. The scorecards are missing in action so the only results that we can process are those of Peter Hutson and Leigh MacIsaac who actually forgot to hand in their score cards on the day so delivered them in person on Monday.

Stu Coops, Rick & Grumpy hit off in the chilly darkness at 700am however the result was unsuccessfully, The specially bought glow golf balls lasted one shot, and the first hole ended with some big numbers entered onto the scorecard. As the sun rose and the dew cleared the golf and scores got better. Grumpy finished the back nine with 40 off the stick and Rick played brilliantly hitting 100 despite posting 19 on just two holes.

Stu tried to claim an improved score after joining the field to replay the first 5 holes again in daylight. He did improve on almost every hole from his actual scores and he hit what technically should have been the longest drive however his scores remained unchanged.

Greg Parsons failed to show up for the Dorset round, he claims that he had a valid excuse for his non-attendance however the skeptics are rumor mongering that it was because he didn't want to be faced with the responsibility of donning the Beer Wench attire.

As was the case last month with Brendan MacIsaac who failed to fulfil his obligation of wearing the pink vest we though it important to show what we think it might have looked like had Greg been at Dorset and carrying out his beer wenching duties.

Results for Dorset based on scorecard submitted were as follows:

Ranking	1	2	3	4	5	6	7	8	9
Player	Rick Turcinovic	Leigh MacIsaac	Stuart Cooper	Peter Hutson	Dale Robinson	Glenn Douglas	Greg Breasley	Brendan Seagrave	Steve O'Sullivan
