## Ringwood Golf Course Results September

Firstly, congratulations to Rick Turcinovic who notched up his 100<sup>th</sup> round with the Sunday Leave Pass Social Club. One would think after 1800 tee shots Rick would have mastered the art of getting the ball off the tee, however looking at the video of his first drive on Sunday it appears as though this is not yet the case.

If you were not there on Sunday to see it yourself live, even if you don't normally read the blurb, you should do yourself a favor and click on the link to watch Rick hitting through his banner.

There is not much I can say about Sunday's round because I was not there to witness any of the usual Sunday Leave Pass antics so instead I will have to simply deal with the facts.

Ringwood as is usually the case has produced some very good scores. However even with multiple players shooting sub-par, the famous Brittany Spears song "Oops I did it again" came to mind when the computer spat out the results. Ben Nichol is on the verge of breaking a Sunday Leave Pass record as he has claimed yet another monthly title in 2018. Incredibly in spite of only 5 rounds this season ben is only one point behind the leaders in the points championship.

Ben hit 90 off the stick to finish the afternoon with a score of Nett 65, narrowly defeating Wayne and Leigh on Nett 66. The only hope we have of holding Ben off is the fact that his luxurious lifestyle keeps him off the fairways every second month because no matter how many shots the handicapper takes off of him he still seems to play out of his skin. The handicapper has docked been another 1.3 strokes however the majority of the field received a trim this month.

Dale Robinson was in a position to give the winners circle a scare, when he arrived at the 10<sup>th</sup> tee Dale was only 2 over par (37) Unfortunately he choked and was unable to close out the round. Although 84 was a pretty good score for the day it was never going to be good enough to claim the monthly title.

Gerard MacIsaac managed to accumulate a 9 on the par 4 seventeenth hole. It is very rare for Gerard to be posting scores that high as his numerical vocabulary normally runs out at 6 or 7 however what was even more interesting was that his 9 consisted of a four putt. Our archivists could not locate a previous incidence when Gerard has had a four putt green.

There were quite a few chip ins and some commendable putting rounds. SOS had a purple patch where he made 4 one putts in succession, that would normally be considered a great effort, however his playing partner Steve Powne actually made a run of 5 one putts in a row but then blew all of the good work by making a four putt on the next hole.

Skins were hard to win, there were lots of birdies and pars left unrewarded, which was very fortuitous for Barry Hemsley who won a 9 hole jackpot with a par on the 16<sup>th</sup> hole and he also won another two skins when he chipped in for a par on the 6<sup>th</sup> hole.

The fine jar was given a big boost when the last group arrived at the clubhouse one hour behind the group in front of them. It goes to show how you have to choose your playing partners carefully.

I received a very polite apology letter from Mal Griffiths regarding the round on Sunday. So I thought I would share it with the group.

YESTERDAY, 1.11PM  
MAL GRFFITHS

Hi Stuart, in your absence yesterday I am writing this message to offer my apologies to my 3 playing partners yesterday. Greg Parsons and the two Sfiligoj brothers.

I deeply regret trying to play golf while they were talking and I now understand that people like Mark have every right to walk around 18 holes and talk non-stop \$#!t and I realize now I should adjust my game accordingly.

If I ever have the chance to play with this illustrious group again I will endeavour not to let my golf interfere with their talking.

Regards Malcolm.

Unfortunately for Mal and the rest of us the future looks bright for more dribble and incessant talking from the Supercoach especially with Collingwood playing in the grand-final this week and not to mention the fact that the handicapper has taken another 0.6 shots off his handicap.

Thx Mal for ur apology. Again always focusing on urself!!!

You didn't mention that you sank every putt when we were talking.  
& then when we were rude enough not to talk, you would miss the putt.  
Surely you owe Supercoach, greg & chris some \$\$

Also i cant believe you wouldnt talk about greg & chris putting for birdies & 4 putting each hole. Greg parsons did it twice in 3 holes.  
Surely ud mention that on one of those holes greg was putting his 3rd putt from 1cm away.....yes that is not an exaggeration!!! 1cm away!!!! & missed!!!!

Surely ud mention that supercoach was telling everyone who would listen that the group all par'd the 11th & gerard came back & said his group all birdied the hole.....so supercoach stuck it right up that group by putting from 5m off the green on the tough 15th hole & sinking a huge putt for birdie then celebrated the same way he will when the mighty pies win the flag this week!!!!

You never mentioned that chris is gonna win the leather wedge as so many times he would take a few shot off his score for the hole. Even after we picked up on it, he would still say we were wrong & try take a pars instead of double bogeys.  
So now it's down to 2 players who could win leather wegde.....

Or you didnt mention the last group of the day finished 90mins behind the 2nd last group.  
We couldn't understand why they were so slow, but watching them all just stand on the 16th green looking at each other for 5min & no one would putt even though there were 10 blokes yelling for someone to putt.....we standed to understand why every group finished in 4hrs & they took nearly 6hrs!!!!

Cheers, Coop - Welcome back

Thanks, Mal. I accept your apology.

GO TIGES!!!

Greg

Congratulations to Ben on winning his third monthly in 2018. Well played Wayne James and Leigh MacIsaac who with 2<sup>nd</sup> and 3<sup>rd</sup> place finishes have both launched themselves up to the pointy end of the points championship leader

board. It should be noted that Leigh eagled the 13<sup>th</sup> hole on Monday morning, although it doesn't get recorded in the Sunday Leave Pass wall of fame it was a great effort anyway. Newell and Leigh played 36 holes at Ringwood on Monday and I must thank them for escorting me around the course so that I could post a very disappointing score, but a score nonetheless.

Newell, Barry, Cliff and Dale all had very good rounds to finish in side the top 7 with a score of Nett 68. Special mention to Barry who was last months Beer Wench so a top 5 finish was a great effort.

Beer Wench next month will be Wazza, who finished the day in 29<sup>th</sup> place Nett 91. What makes it even more exciting is Warren will be transferred from his temporary handicap to his official Sunday Leave Pass slope handicap because he has no completed 5 rounds with the club and the fun part is his handicap has been anchored by a great round at Warburton meaning his handicap when he puts on the pink vest next month will be 12 instead of 20 so there is a good chance he might go back to back.

For the benefit of the newcomers or the uneducated we thought it would be a good opportunity to go through the player rankings and point scoring system again.

Once all of the players are ranked then the Seasons Championship points are allocated according to the position in the field. The player in 1<sup>st</sup> place gets 15 points, 2<sup>nd</sup> place 14 points, 3<sup>rd</sup> place 13 points, etc. etc. Any player who completes the round however finishes ranked outside the top 14 and is placed between 15<sup>th</sup> spot to BeerWench then they are all allocated 1 championship point for attending. The player with the most points at the end of the year is crowned the Points champion irrespective of how many

rounds a person has played. If one person plays 13 rounds for the year and the person in 2<sup>nd</sup> place has only played 10 rounds but is close to the same score, then that is bad luck to the person in 2<sup>nd</sup> place. All players are invited to play the entire fixture. We reward participation rather than perfection and performance so if you play more often you will end up with more points.

Sunday Leave Pass competitions are run using Stroke, so you need to count every shot that you play, and you need to finish every hole. Each players Nett total score is then calculated by deducting the players handicap from the Gross score. If a player doesn't have an official Sunday Leave Pass handicap, then a temporary played to handicap is allocated on the day using the Callaway handicapping system.

The handicapper has found his green pen and gone slash happy. Lots of golfers copped a significant trim off the handicap in preparation for the warmer months. Interestingly the low markers, Mick and Gerard are both going out whereas the rest of us are coming in. Good luck to Warren Perrett who's handicap has been adjusted from 19.6 to 12 as he switches over to using the slope handicapping system.

All of our members are now on official handicaps.

For those people interested in the mechanics of the handicapping system it can be best explained as the following.

#### How to calculate a GA Handicap

##### To calculate a player's GA Handicap:

- you must firstly identify the player's most recent 20 scores,
- you then determine the 'Played To' value for each of these scores,
- you average the best 8 'Played To' values,
- and finally you multiply this average by 0.93. The resultant figure (to one decimal place) is the player's GA Handicap.

\* If a player's handicap record contains a lesser number than 20 scores, the number of scores used to calculate the player's handicap is as listed in the table below.

\* There is no requirement for a player's most recent 20 scores to have been returned within a specific timeframe. For example, the most recent 20 scores may span a period of three years or they may span a period of three months.

\* Once a player's handicap record contains 20 scores, the next score they return will result in the oldest of the existing 20 scores being removed (to be replaced by the new score).

#### Full Technical Procedure for Calculating a GA Handicap

STEP 1 – Use the table below to determine the number of scores to be included in the GA Handicap calculation:

##### Number of Scores in Player's Handicap Scores to be Used in the Record Calculation

5 to 6	Best/Lowest 1
7 or 8	Best/Lowest 2
9 or 10	Best/Lowest 3
11 or 12	Best/Lowest 4
13 or 14	Best/Lowest 5
15 or 16	Best/Lowest 6
17 or 18	Best/Lowest 7
19 or 20	Best/Lowest 8

Note: When the handicap record contains more than 20 scores, the GA Handicap calculation uses the best 8 of the player's most recent 20 scores.

As you can see in the graphic below. A single good round can have a massive impact on a players handicap. Warren shot the lights out at Dorset and this will influence his handicap significantly until he racks up enough rounds to absorb the score.

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffeur Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So, start aiming at the hole we want to give it away this year there was a few close calls over the years, but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur at 1 in 12,750.") The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
