## GOLF TRIP 2016 Commercial Golf Club - Albury

Please Note: We have booked the golf trip this year and we will be going to Commercial Golf course in Albury. The date of the golf trip will be **Friday 9<sup>th</sup> to Sunday 11<sup>th</sup> DECEMBER 2016**. The Cost is approximately **\$330.00**. We have booked for 27 players (3 people per room) so please book it into your calendar and let me know if you are a definite attendee.

## PLEASE NOTE THE NEW GOLF TRIP DATE

The club has pretty much reached capacity as we have only booked tee times for 32 players for each golf course for the year so it is vitally important to confirm your status for each month as early as possible. At the bottom of this email every member has been marked as status unknown and it is your responsibility to send us a message to say if you are in or out. Until we receive a text message, email or phone call you are not guaranteed a spot. We cannot promise we can accommodate more than 32 players so it is a matter of first in first served and the earlier we get numbers the better the odds of contacting the course to try to get an extra few spots if we need them.

# Spring Park Golf Course Results

## June

For a short little course at just over 2000 meters, Spring Park proved itself to be a bit more of a challenge than was expected. From 27 starters only 3 players managed to shoot par or better. From the outset it was obvious that it was going to be a tough day for all concerned. The narrow first fairway proved too hot to handle with only half a dozen players managing to get anything that would be considered a half decent shot away.

After Damien Vanterpool smashed a perfect 5 iron down the middle of the fairway the golf standard got really ugly really quickly. Dale Robinson drove the green, the only problem being that he drove his ball onto the ninth green which was only 40 meters from the first tee, and it was behind a safety fence and protected by tall trees.

Brendan Seagrave didn't even get passed the safety fence, well technically he did, however it should be said that he hit his drive as a grubber of a tee shot which smashed into the fence and then it was questionable whether he actually got past the ladies tees.

Wayne James followed suit soon after and his ball only managed to roll past the squatters tees because his ball after hitting the fence rolled onto the cart path and it trickled down hill just enough to pass the red markers.

Brendan MacIsaac hit a ground burner that smashed into the retaining wall of the garden bed in front of him and then his ball ricocheted at a 90 degree angle sending Col Ewart and Big Ball Breasley diving for cover despite them feeling safe sheltering under the BBQ pergola.

Todd Neilson, Newell, Tom and Gerard hit their balls into the wilderness their balls ended up in terrain so thick and buried in fallen branches and bushes that it is where elephants go to die.

Douggo allowed 65 degrees too much angle to cater for his slice and his first drive ended up landing at the back of the practice nets. It was decided he was so far away from the fairway that not even Stu Coops could have hit a ball that far off target.

Stu Coops hit his first tee shot into the bunker; the only problem was that the bunker had been designed to catch balls from the people playing on the ninth hole and not the first.

Big Mick started what was to become described as a horror day with a shocking drive into no-man's land. His day got even worse very quickly when his son Jake stood up to the plate immediately after him and knocked out probably the best shot of all of the golfers and then turned to Mick and said **"That's how you are meant to do it Dad, I thought you said you were good at this game."**

The day didn't improve for Mick; he posted the worst score for the day he shot 91 off the stick Nett 82 to finish in last place. The fact that he won the Longest Drive competition proves that his strength and advantage in the game is in his length and it became blatantly obvious that he goes to pieces when it comes to hitting the short shots around the greens. Mick lost basically every golf ball that he won as part of the eagles nest prize last month, and he became so desperate for stock that he sent Jake out into the scrub to find some balls for him to replenish his diminishing supply.

At one stage Grumpy fell victim to Jakes compliance to follow his father's orders, on the 6<sup>th</sup> Hole Brendan turned around to change clubs as the wind had blown up and then when he turned around his ball had gone. It didn't take long to work out where the ball ended up as Jake was running across the fairway, screaming **"here you go Dad I found one for you."**

Big Cliff was pretty keen to put Jake on the Payroll after he managed to hit a couple of balls in a row out onto Springvale Road. Cliff's balls crossed over six lanes of traffic and finished on the medium strip on the other side of the road. Stu Coops is anxiously awaiting the visit from some unfortunate car driver who will be making an insurance claim for a broken windscreen or golf ball sized dint in the bonnet of their car this week.

Leigh MacIsaac after so many good rounds came back with an earth shattering crash, Leigh found the bunkers protecting the greens particularly challenging and after shooting a par-less font nine he was talking about retiring. What we didn't realize that when he was talking about retiring what he was meaning wasn't giving up golf forever but that he wanted to get into a retirement village.

On the sixth hole Leigh launched 2 balls in a row straight into the nursing home on the other side of the fence and as he stood over his 5<sup>th</sup> shot from the tee, the thoughts of the possibility of joining Chris Sfiligoj and shooting an "Adelle" began to play on his mind. Leigh did managed to hit his longest drive for five, but then he managed to squeeze another ball out to the right, over the fence and into the retirement village again. Leigh closed out the hole out with not quite an Adelle, but he did have a very convincing NEWELL.

As was to be expected, Newell did manage to live up to his reputation and he carded a NEWELL (Score of 10 or more), and he did so very early in the piece. Last month's Beer wench racked up a NEWELL+3 (13) on the second hole, and he achieved this feat without losing a ball and despite being less than 50 meters from the front edge of the green for 2.

Highway did manage to pick up the majority of those shots over the next 10 holes and he recovered well enough to beat Mick, Gerard, Geoff and a few others to avoid going back to back Beer Wench.

**High way** did manage to have a few **High Lights**, for the first time ever he was able to get his name temporarily on a NTP hole before being knocked off by Cliff Rowe who finished the day with three out of four of the NTP prizes. Newell also picked up 7x raffle tickets for the end of year prize raffle draw after winning a few skins holes and he made a momentous birdie on the seventh hole under very trying conditions.

Evidently Newell had accidentally left his phone on, either that or he had turned it on mid round to post a message on face-book and twitter letting his 8 followers know that he had just knocked his ball onto the green on a par 3. While the phone active he received a brief text message from his mum advising him to call home as his dad had just been rushed to hospital. Newell was suddenly stressed over the dilemma he faced and sought council from his playing partners, he couldn't decide whether to call his mum now to see what was going on or wait till later on and avoid the \$2-00 fine for using his mobile phone on the golf course.

Geoff Cooper knowing his son would have waited and saved on the fine, generously agreed to cover the cost of the mobile phone penalty, especially since he would hope that Newell was a better Son than his boy Stu. And besides Geoff was already feeling poor having copped a \$185 speeding fine on the way to golf and had dropped another couple of hundred dollars by the fact that he had lost his GPS device out on the course somewhere, so he figured another \$2-00 would hurt him.

Newell managed to console his mum, sent a message for his dad not to turn the light out until after he gets to speak with him in person after the golf had finished and then quickly hung up and rolled in a 12' foot birdie putt. We are not sure yet if the birdie was a "Chubb's" style parting gift from the old man to Newell but certainly the screams of joy reached the heavens as Newell celebrated with unreserved excitement. (From what we have heard Newell's old man is OK after surgery and is due to make a full recovery, but we will give Newell the honor of keeping the birdie anyway.)

Ian Mutimar also may have an appointment scheduled with the surgeon. Mutes only finished 4 holes before his attempt to dig the biggest divot went astray and he damaged something in his shoulder making it impossible for him to continue the round.

In spite of the injury Mutes still failed to win the biggest Divot competition. That title went to Brendan MacIsaac who took a swipe at the ball which displaced nearly a cubic meter of soil. So deep and long was Brendan's divot that Grumpy called the SES search and rescue squad to try to find the dirt as he figured Stu would actually want his golf course back. Spring Park is now playing as an 8 Hole course while excavation work is being done to repair Brendan's damage.

There was no fear of Rick causing any damage to the important parts of the golf course, Rick spent the entire day hitting out of the wilderness as he missed fairways to the left and to the right but never actually got one in between. The animals in the local bee farm and chicken hatchery on Spring Road were all very relieved to know that they were safe because the atrocities being proposed and screamed across the fairways by Rick were more directed more towards the goats and not at them.

Amongst all of the rabble was a single standout performer, having been recently nominated as one of the least improved players for season 2016, SOS has gone against the grain and posted a personal best and commendable round in wet at difficult conditions. Steve O'Sullivan went out off the back plates with 7 pars; a birdie and a bogie to shoot even par 33 on the turn. SOS continued the form with some fantastic recovery play and strong golf to card the best score (71) Nett 58 to win the Spring Park title. Whenever he looked to be in trouble SOS was able to manufacture a magical recovery shot and was therefore a deserving winner for the round.

Having parred the front nine, it looked like SOS's game might have become unraveled when on the tenth hole, he hit a wayward drive into the trees. When was asked what he was doing backing his tail hard up against a tree and whether he was looking for a root. SOS just caressed his ball onto the green to 15 feet, knocked in the birdie and then smiled and said F#@K you.

Tony Mac got intimate with the trees on the 9<sup>th</sup> hole. Tony was left standing on one side of the trunk while the ball, his hands and the club were on the other side of the tree. Amazingly, despite not being able to see where it was, Tony was able to extricate his ball and witnesses say that even with the significant handicap from the precarious position it was probably the best and only decent shot that he played all day. So good was the outcome of Tony's shot that he is contemplating playing all of his shots with his eyes closed.

Who knows if he plays 18 holes with his eyes shut he might manage to claim that illusive victory. Tony is quickly approaching his Hundredth round with the Sunday Leave Pass and we are wondering if he is going to do so without a win under his belt.

In cricketing terms that would certainly give new meaning to the term "making his Maiden century."

While Tony and Brendan MacIsaac both posted a credit worthy round it was Brother Gerard who came close to the tail end of the field. Gerard had a shocker and only just managed to keep his nose in front of the Beer wenching position which Brendan had previously earmarked himself to be a contender for. As you can see from his confirmation status email to Stu, Brendan thought he was going to find the day tough, however he never looked like having to put on the beer wench vest and he excelled in the difficult conditions and even posted a career best score of 108.

**Subject:** Yes I will be playing next month

Tar Stu count me in, Quasimodo needs some competition for the pink Jacket!

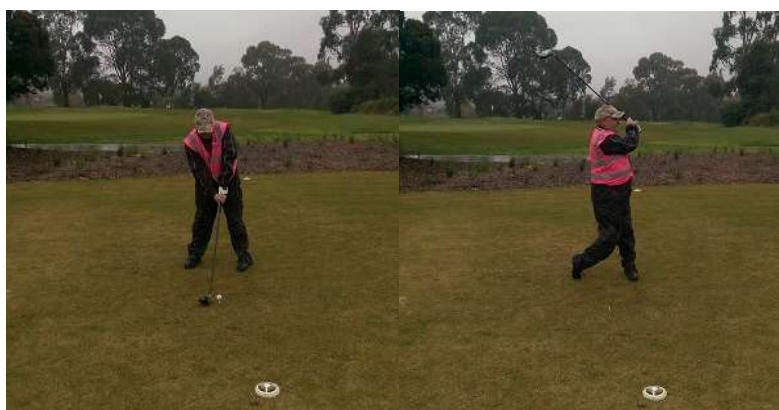

Had a couple of anaesthetic cortisone combo shots in the shoulder yesterday. No change yet, wait n see.

Cheers

Brendan

According to the way Brendan played on Sunday he may be loading up on anaesthetic cortisone combo shots in the shoulder on a very regular basis and there might just be a few more of us queuing up directly behind him.

Tradition states that the player with the worst score for the round must wear the beer wench vest the following month. Unfortunately Stu forgot to bring the vest this month, so Newell thought he had gotten away with not having to wear it this round. Sadly for Newell this wasn't the case and he was forced to wear the Beer wench vest when he went out on his first of many practice rounds in preparation for the Beacon Hills.

Having fulfilled his obligation Highway can now, without guilt or consequence hand over the Beer Wench vest to next month's winner. It will be a pleasure for us all to be part of the official handover ceremony where the vest will be passed over from Newell to the fan favorite, Big Mick.

PLEASE NOTE- Spots will sell out fast for this spectacle and we have a maximum of 32 spaces, so get in your confirmation replies ASAP because it is highly likely that all 109 Sunday Leave Pass players, past and present will all be wanting to play part of the action and see Mick in the pink vest on Sunday 26<sup>th</sup> June at Beacon Hills. Spots are reserved on a first in first served basis so if you miss out because you didn't reply. BAD LUCK.

While he will be handing over the pink vest to him there is one thing that Newell won't be handing over to Mick and that is the 1.5 kilogram bag of lollies which the big fella accidentally left in the golf cart after his round of golf. It was a horror day for Big Mick, he lost at least 11 golf balls, was a total embarrassment in front of his son, he came last in the field and then when he get a text from Newell showing that his lost sweets had all been eaten with the simple message **"Yummy thanks"** the day got as low as it could possibly go and he was just about ready to slaughter someone.

Gluttony was the order of the day or so it seemed for the early groups to finish. By the time the last group finished their round of golf, Dale had actually consumed 10 sausages and a couple of hamburgers and as soon as there was nothing left to eat he was quick to get into the car and head for home before the protesting started.

Congrats to SOS for a brilliant round of golf, 71 off the stick was an impressive feat on a course and in conditions where the rest of the field including the low markers all struggled. Andrew Clarke has moved up to equal points championship leader with yet another very impressive back nine. Andrew is thinking he should have a practice round before the competition starts as he seems to get better the more holes he actually plays.

Col Ewart armed with brand new grips on all of his clubs suddenly discovered that he could hold onto his clubs properly and the outcome was very positive for him. Col hit a solid Even Par Nett 66 and finished in third place ahead of Rick who was only 1 shot behind on Nett 67, and he did that without hitting a shot on the fairway and while promising to do sexual acts to almost every milk producing mammal on earth.

7th Hole                      Cliff Rowe

13<sup>th</sup> Hole                      Cliff Rowe

Longest Drive                Mick Harper

### Golf Balls are owed to the following people:

Steve O'Sullivan	x3	Winner at Spring Park
Mark Sfiligoj	x1	NTP 8 <sup>th</sup> Hole Centenary Park
Mick Harper	x10	Eagle 3 on 5 <sup>th</sup> Hole Devils Bend

**PLEASE NOTE:** This year the monthly winner has the option of exchanging the number of balls owed to Raffle tickets for the end of year prize draw.

Just a reminder that for every round you play you are awarded a raffle ticket to go towards the end of year raffle, then extra tickets are issued if you wear the official club shirt plus extra tickets can also be won by winning a hole in the monthly skins competition.

“SKINS” were distributed to those players good enough to win a hole outright. If more than 1 player got the lowest score on a hole it is Jackpotted until an outright winner occurs.

### Reminder

The ball must be clearly on the CUT surface of the green or fairway to win NTP or longest drive. If it is not on the fairway it doesn't count.

Each player won 1 ball each.

As a new member of the Social Club the Callaway Handicapping system is used to give the player a daily played to handicap for the first couple of rounds. Once they have played 3 rounds they are given a temporary club handicap using the original AGU handicapping system. After 5 rounds they are then switched across to the current slope handicapping system.

Congratulations to Damien and Wayne who both completed the third game with the Sunday Leave Pass social Club. Both gents will embark on a handicap of 25 and having played with them both, this is a very generous offering and these boys may be very difficult to beat off this handicap.

This system is used for determining fair allowances for social golf events that attract novices or occasional golfers. A player's Callaway handicap is determined after each round by deducting from his/her 18 hole gross score the scores of the worst individual holes during the first 16 holes of the round.

In the computation of handicaps under this system:

- No hole may be scored at more than twice its par,
- half strokes count as a whole,
- the 17th and 18th holes are never deducted,

For example if a player scores 99 on the day their handicap would be calculated as the sum total of their (3 worst holes) +1

If a player scores 82 on the day their handicap would be calculated as the sum total of their ( worst + ½ the 2<sup>nd</sup> worst hole) -1

If a player scores 120 on the day their handicap would be calculated as the sum total of their (five worst holes) +2

After 3 rounds they will be allocated a temporary handicap using the old AGU handicapping formula and then after 5 rounds they are elevated onto the official Slope handicapping system which was use thereafter for all club competitions.

## A word from our sponsors

\*Once again we welcome DRUMMOND GOLF back as our major sponsors to the social club again this year.

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high quality printing service. He will gladly do a good deal for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through **DNR print** via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffer Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So start aiming at the hole we want to give it away this year there was a few close calls over the years but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur's at 1 in 12,750.")  
The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
