**FINE JAR 2014**

**\$114.50**

Some people are not dipping into their pockets to pay for their fines. There was only \$18 in the fine jar this month and there was 11 four putts. Given I paid \$4 for a shank and for crossing over 2 fairways that means there are quite a few of you who have short arms or deep pockets. It is up to the entire playing group to keep each other accountable. Make sure your partners pay their fines that are due it is part of the spirit of the club and a fundraiser for the end of year trip.

Speaking of fines, the payment for each month is due no later than the Thursday the week final numbers are due. There is no excuse for late payment since everyone receives at least a minimum of two reminder emails and a text message prior to the due date. Players who fail to meet the deadline will be charged a late payment levy of \$5-00 on top of the original golf fee's. Anyone who finds it too difficult to make the EFT transfer on time is welcome to make a larger transfer and keep some money in credit for when they fail to make the payments on time.

# Warburton Golf Course Results

## February

Anyone who says that they don't like the Warburton Golf Course must have rocks in their head. Warby is a beautiful golf track set amongst a magnificent scenic mountainous backdrop. The course itself offers the opportunity to build a very respectable score so long as you keep your ball out of the meandering creek and away from the rough and 250 to 300 year old trees with a 4 meter girth.

There were quite a few guys who posted good scores this month, even "Highway man" (Newell) broke 100 for the first time. Don't get too excited though he broke 100 Nett not Gross, but 99 Nett, 136 off the stick was a career best round for Newell and was proof that his two golf lessons and the 600 golf balls he hit at the driving range last week was money well spent even if he did finish in the pink dress beer wench position yet again.

The handicapper has had a busy time of it over the last 24 hours. He has taken 4.9 shots away from the top end of the leaderboard with Stu Coops copping the biggest hit losing 1.1 shots from his handicap after just one lucky round where he kept the ball close to the fairway and the putter saved him on numerous occasions.

This month all of the players inside the top 12 shot 72 or better. After years of domination from the MacIsaac family with Gerard & Matt featuring regularly in the monthly titles, and of more recent times it has been the Grasso family have also had a good share of the successes. So it was nice to see that this month a new family have risen to the top.

The monthly title at Warby was decided on count-back between Geoff Cooper and his son Stuart. Both Stuart and Geoff shot the same score Nett 65, however Geoff racked up 22 stableford points on the back nine whereas Stu was only good enough to accumulate 21. Warburton is actually Geoff's first monthly title and his round of 99 was his career best score with the social club so he deserves the win even if it does come at my expense.

The guy I feel most for is Tony MacIsaac who after 70 rounds (7695 shots at an average of 109.93) is still left chasing an elusive monthly title. With an equal career best score 95 (he also scored 95 at Warburton in 2009) Tony had a short moment of excitement and was experiencing heart palpitations when it looked as though his score of Nett 67 might be good enough to win the round. Unfortunately it wasn't to be the fairy tale ending for him and Tony was at the last minute relegated to fourth spot as some other good scores came in from the back of the field.

At the other end of the spectrum, Gerard MacIsaac had a very uncharacteristic afternoon. Gerard posted a very poor score by his terms (89 Nett 79). The usually consistent Gerard not only failed to get his name into the top ten which is a very rare phenomenon but he actually finished in 22<sup>nd</sup> place out of a field of 24 players. That is as close to beer wench as he has ever been, it was just a pity he didn't finish in outright last place since the Beer Wench trophy is the only Sunday Leave Pass prize that is yet to have the name Gerard MacIsaac engraved onto it. Such was the day for Gerard, that even his trusty Texas wedge failed to perform for him. Gerard never came to terms with the speed and undulations of the Warburton Greens and had a total of 36 putts the round including a four putt and three 3x putts. To some of us that would sound like a normal day on the golf course but for Gerard who averages just under 32 putts per round it was almost a wrist slashing catastrophe.

His only consolation is that he wasn't the worst player with the flat stick. Newell Richards and Mitch Jansen racked up 47 putts each, and Rick had 46 putts for his 18 hole adventure. When you put this number of putts into perspective it means these guys were three putting at least every second hole during the entire game of golf. Needless to say when you have a lot of putts you are destined to finish at the back of the end of the points leaderboard which each of these guys did.

On the other hand, Stu Coops had a day out with the putter, he had a run of 7 one putt greens in a row and finished his round without a three putt green and posted a very impressive total of only 28 putts for the day.

It wasn't plane sailing for Stu all day however. On the 6<sup>th</sup> hole he nearly ended his day early and could easily have been forced to retire hurt when he tried to jump across the stepping stones to traverse the Ythan Creek to pass the car keys to the lead group so they could prepare the BBQ.

Ignoring the advice from the Supercoach (who naturally had some better advice on how to cross a river), Stu bounded from rock to rock. As his rubber shoes hit the last moss covered slippery boulder there was a crash and a splash as Stu disappeared into the icy cold brook. He gingerly appeared on the other side with bruised ribs, a grazed elbow, water dripping out of his shoes and blood spurting out of a gash in his right hand where he had impaled himself with the car keys.

Geoff also nearly suffered a major injury albeit at the mercy of a fellow playing member. Apparently Geoff was casually strolling along the fairway of the 15<sup>th</sup> hole when an errant ball from two fairways across came sailing over his head. Naturally everyone's first thought was that Stu must have hit one of his famous snap hooks, so it was a bit of a surprise when it was discovered that the man with the club in hand was Trevor Adair who rarely hits the ball in the rough let alone missing his target by two whole fairways.

Poor Trevor then made the mistake of asking the group if anyway had seen his ball, where he was set upon by the usually placid Geoff who was so brutal in his verbal assault that left all those within close proximity in a sense of dumbfounded shock. Geoff turned into a swearing, froth spitting lunatic as he abused Trevor un-relentlessly with a tirade of profanities only Andrew Clarke could match. The only part of the conversation why can repeat was in translation something along the lines of "Of ##### course we ##### well know where your ##### ball is you ##### stupid #####, it's ##### well over ##### there just past our ##### heads, you #####head. Why the ##### didn't you ##### call ##### fore you ##### you could have ##### killed us. Your ##### ball is ##### over there the ##### one with the ##### blood all ##### over it you ##### #####." If you are looking for an early nomination for the angry man award Geoff may just be the sleeper this year.

It was soon realized that Trevor's game had become unravelled after spending an entire 4 hours in the golf cart with Newell getting ear bashed about the merits in being a stay at home "Mr Mom figurehead". To put it into perspective Trevor shot 36 on the front nine and by the time he reached the turn, the incessant gossip mongering was all too much for him and he consequently shot 50 on the back nine. It is little wonder he came back to the club house and said to the groups coordinator you are a dead man, can I ask what did I ever do to you to deserve that punishment.

Newell was able to put his preaching into practise and demonstrate his mister mom prowess to Trevor in person when he jumped straight into action to comfort Stue Cooper and to clean up his shoes after he made the fatal mistake of standing in a pile of excrement dumped on the footpath near the car park. So frightful was the smell that the two plumbers, Burnsie and SOS turned their noses and walked the other way both saying "we deal with that stinking S##T all week I'll be buggered if I am dealing with it on my days off." Whereas the plumbers ran and hid from the rancid stench, Newell was in his element cleaning the soiled golf shoes, while Stu was regurgitating the 3x sausages, 4 light beers, a can of soft drink and the two meat pies that he had had for breakfast. As the nauseating fumes engulfed his lungs and sinus passage Stu couldn't deal with the aroma any longer and suddenly the peaceful Warburton Valley was disturbed with a crescendo of deep from bottom of the stomach dry reaches followed by a Tsunami of reconstituted food stuffs. Trevor

was in fits of laughter and had the greatest day of his life he was even willing to be late home past his very strict curfew time and was willing to bare the wrath of his partner at home just for the opportunity to sit and watch the whole drama unfolding.

The only dampener on Trevor's day was when he was docked one of the 26x golf balls that he was awarded from the eagles nest for his eagle 3 on the 6<sup>th</sup> hole at Waterford Valley last month. Trevor had to give one of his balls to Luke Chacksfield as a replacement for the one that Trevor actually stole during the round.

Poor Luke had played the two best shots that he had hit all day and his Bridgestone 2 was lying just off the fairway in the light rough only 40 meters from the green for two shots on the long par 5, fourteenth hole. He had a good line on where the ball finished but when he arrived to try to play the Bridgestone 2 onto the green and set up an easy birdie opportunity the ball was nowhere to be seen. Just like Big Mick at the first sign of trouble the ball had just vanished. Despite a 15 minute search with four people scouring the area the Bridgestone was nowhere to be found and eventually Luke had to take a penalty and play a new ball. It was only later during the BBQ that the fate of the ball was discovered. Evidently Trevor who was playing in the group in front saw the ball in the rough and decided to claim it as his own.

Not even when he saw the search party scaling the area and running search lines did he think it would be the right thing to do and fess up and let Luke know that he had actually found a ball in the area where they were looking and perhaps he could have realised that the Bridgestone ball he had picked up and the one Luke had lost would be one in the same.

Perhaps it wasn't the only Bridgestone Trevor stole for the day. On the drive home while passing through Worri Yallock we ran across a scene where the police were helping some poor fella who had stopped his car to nick into the pub to buy himself a pack of smokes and a six pack, but evidently when he got back to his car he had a slight problem, he was missing one of his tyres. I don't want to make any allegations without sufficient evidence but according to the police report it is stated that while the man was away from his car a passing stranger stole the front wheel from his car and apparently the police are now looking out for the missing tyre which by some strange coincidence just happens to be a Bridgestone.

Congratulations to Geoff Cooper who has performed admirably at Warburton, he scored the 15 championship points with his impressive Nett 65. He beat Stuart on a countback, and Dale Robinson and Tony MacIsaac can both count themselves as unlucky since their scores of Nett 66 and Nett 67 would normally be good enough to take out the monthly title during any Sunday Leave Pass competition. Dale displayed the form that won him the season's trophy a few years ago and Tony Mac put on a show to impress his mate Mitch who was making his debut performance with the social club.

Sam Creaton broke the century barrier to elevate himself into 5<sup>th</sup> position and in the absence of his good mate Shano, SOS was able to post a respectable score and finished in equal 6<sup>th</sup> spot with Steve Powne.

Matt MacIsaac played well enough for a top 10 finish as did the power hitter Brett Meyer who actually hit his drive 70 meters through the back of the green on the par 4 tenth hole. Brett looks as though he should start with the club next year month with a single figure handicap and has his sights set on deleting Big Micks name from the longest drive profile in the immediate future and is also aspiring to be the lowest handicap marker amongst the playing group.

The handicapper continues his assault on Stu Cooper, taking yet another 1.1 shots off his ever shrinking handicap. Geoff's score resulted in a full stroke reduction from his handicap. All in all there were more handicap deductions than there was shot's given back. Only Burnsie, Gerard, Greg Parsons, the Supercoach and SOS went out. With Dorset the next destination it will be interesting to see what happens next month since Dorset is another course which usually offers up some exception scores.

This year we also have been lucky enough to have Peter Hutsons' company jump on to the Sunday Leave Pass band wagon. We thank "Wood Tech" from the bottom of our hearts as they have generously sponsored the club for the cost of our golf balls. This of course is on the condition that we promise to spread their branding across the state, which shouldn't be hard as we regularly lose golf balls around all 4 corners of the Melbourne urban district.

Our new golf balls will carry both the SLP and the Wood Tech logo and we expect a shipment from China to arrive towards the middle of the year. Which should keep us in golf balls for the next 2-3 years.

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high quality printing service. He will gladly do a good deal for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through *DNR print* via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

*Evergreen Winery Tours*

Sponsored by *Yarra Ranges Wine Regions*

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffer Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So start aiming at the hole we want to give it away this year there was a few close calls over the years but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur's at 1 in 12,750.")  
The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
