## 2018 Players Choice Awards

[Vote 2018 Players choice award](#)

[https://survs.com/survey/2018 Players Choice Awards](https://survs.com/survey/2018%20Players%20Choice%20Awards)

The Award categories are:

### MOST IMPROVED PLAYER

This prize takes into account the player who is believed to have made the most significant improvement in their game over the duration of the year. Please nominate a player who you think is doing much better now than they were at the start of 2018. Votes will be tallied from all of your peers and we will also take into consideration the change in the player's handicap through the duration of the 2018 season. The player with the highest number of points from all nominations will be deemed the winner

### WORST IMPROVED PLAYER

This prize takes into account the player who is believed to have made the most significant downturn in their game over the duration of the year. Please nominate a player who you think is doing much worse now than they were at the start of 2018. Votes will be tallied from all of your peers and we will also take into consideration the change in the players handicap through the 2018 season. The player with the highest number of points from all nominations will be deemed the winner

### LEATHER WEDGE

Each year the Leather Wedge award is given to the player who is best able to manipulate the rules of golf to help to improve their scorecard.

Actions such as kicking the ball out of the bushes with your foot when nobody looking. Not counting a short missed putt because you were only mucking around. Dropping another ball where yours was lost without taking the relevant penalties and creative accounting (just not counting all of your shots.) These are just some of the many different ways that someone can earn a nomination for the title of Leather Wedge winner. The leather wedge prize will be determined by an anonymous ballot. The player with the highest number of points from all nominations will be deemed the winner

### **ANGRY MAN AWARD**

This category, was introduced to acknowledge some of the memorable dummy spits on the course during the year. Players may nominate a player for an individual temper tantrum and give a brief explanation of the events leading up to and preceding the dummy spit or otherwise nominate a single individual who they believe has the shortest fuse and worst temper on the fairways without needing to nominate a single event. The player with the highest number of points from all nominations will be deemed the winner

Holy whacka-moley, there has been newsflashes across the world and the global newspapers have been going crazy celebrating the most miraculous breaking news. Who would have thought anything could have possibly managed to get prince Harry and Meghan Markle off the front-page headlines, but it has actually happened. I suppose the end of the longest running sporting drought and the greatest Cinderella story since Meghan caught her man, is a valid reason for a Sunday Leave Pass historical event to take the center stage.

Well done to Tony MacIsaac who after 124 rounds, 12 years 10 months & 24 days, or otherwise calculated as

- 407,030,400 seconds
- 6,783,840 minutes
- 113,064 hours
- 673 weeks

has finally won a Sunday Leave Pass monthly title. Woo Hoo.

Sundays golf competition was a cliff hanger and the results came down to a countback between Shane Cummings and Tony MacIsaac, however after many close calls and devastating losses, the results finally fell in Tony's favor. In the event of a tied score, (in this case both players had Nett Score of 66) then the winner is then determined by using a count back system. The countback is formulated by the total number of stableford points scored on the back nine holes. In this instance Tony had 23 points on the homeward holes compared to Shanno who had 22, therefore Tony was awarded the victory and his first ever Sunday Leave Pass monthly crown.

What a great outcome for Tony, especially since he nearly cost himself the trophy when he racked up a score of 7 on the second hole after having an air-swing. It was nearly a very costly mistake, not because it cost him \$7 (\$5 for failing to hit his ball past the ladies tees and \$2 for having an air-swing) rather because that swing and miss came very close to knocking him out of the title winning position.

Thankfully, Tony kept his head and recovered, his next shot flew 220 meters straight down the middle of the fairway. From there he gained in confidence, producing some of the best golf he has ever played. Tony had 3 pars for the day, but most importantly he had successive pars on the 16<sup>th</sup> and 17<sup>th</sup> holes. These Pars were major wins, because each of those pars was on what was classed as a very difficult rated hole where he got two strokes. Pars on the 16<sup>th</sup> and 17<sup>th</sup> holes yielded him 4 points on each, hence pushing him up to the top of the leader board.

Tony's score of 97 was not quite his career best round, he did shoot a score of 95 at Warburton Golf course in 2009, however the Warby course is a par 69. He also scored a 96 this year at Spring park which is a par 66. It should be noted that his score at Yarrambat Park was 12 shots better than Tony's career average.

The fine jar will receive a major boost this month as the coffers will be boosted by all of the no-show beer wenches. Last month Warren Perrett posted the worst nett score, so he was rostered on as the nominated beer wench for Yarrambat Park. Unfortunately, Warren failed to meet his commitment, so in his absence the second worst score at Ringwood becomes responsible for filling in as the beer wench. Burnsie was also a no-show, so we passed the duty on to the next on the list until an attending player was able to be present and fulfill the job and represent the beer wench and wear the pink vest for the day. In this instance it was Tony Grasso who had to adorn the pink attire. Tony was 6<sup>th</sup> in line which means all of the guys above him need to cough up a fine for failing to complete their duties. Thanks guys your \$25 (\$5 each) will go towards some delicious bread and sausages for the Morack round next month.

It was fun to see Tony wearing the beer wench costume and he did it with a smile on his face. He even color matched his costume because he spent the majority of the day with the fluorescent yellow, three putt monkey vest on as well. The funniest moment was when Tony was presented with the vest and the look of shock and horror on his face. Especially when the supercoach piped up and said to him, **“It is probably fair that you are the beer wench because if you had of counted all your shots last month you most likely would have come last anyway.”**

It will be Tony Grasso’s sparring partner who will be left with the job of beer wenching duties next month. Slinky had a few tough holes as he navigated the Yarrambat Park course and in the end he was 8 shots in arrears of his nearest competitor and he finished the day with a Nett Score of 89. (23 strokes behind the winning score.)

Slinky new it was going to be a tough day when he found his ball rooted with a bad lie on the third hole. John was left with no option other than to flick the ball out with a left-handed swing. There were plenty of roots in the trees and rough, so it wasn’t the place to be if you wanted to score, that is of course unless you were a kangaroo.

Thanks SOS for the National Geographic photography.

The wildlife around Yarrambat Park was abundant, the kangaroos were everywhere, there were sightings of rabbits and the ducks and birdlife were all over the place. There were even several incidents where a waterfowl standing in the middle of the fairway had to demonstrate how they got the name, “Duck!!” when an errant ball nearly took its head off.

Stu Coops tried to recruit a local insect to help him get further distance out of his drives. Stu stuck a bee to the top of his ball hoping it would flap its wings and give him some sort of advantage. Unfortunately, it didn't quite go to plan, Stu didn't get any extra length and Big Mick was still able to convincingly win the longest drive title for the day.

In fact, the bee on the ball proved to be a major disadvantage especially when he teed off on the back nine. According to Stu, he ran into complications with his tee shot on the 10<sup>th</sup> hole when the bee decided to fly back to its nest which was located on the side of the 18<sup>th</sup> and first fairways and it took Stu's ball with him.

As you are all aware there is a fine in the fine jar, especially designed to empty the pockets of Stu Cooper because he is always being asked to make a donation for hitting his ball across 2 fairways. Yarrambat, was no different to any other month.

Colin Ewart tried to take a photo from the middle of the tenth fairway to where Stu was playing his second shot from, however even at maximum zoom he was still just a tiny black blob in the middle of the frame. We thought we could have a where's Stu competition, we will give a prize to the first person who can guess where Stu is playing his ball from in the photo below.

PLEASE NOTE It is a genuine photo and Stu was playing the same hole as Colin at the time.

No round would be complete unless there was a hole when Stu Coops missed the fairway by 100 meters, nor would it be complete without the Supercoach hitting a drive without getting past the ladies tees. Yarrambat delivered on both accounts.

There is another indiscretion at Sunday Leave Pass events which is also quickly becoming a tradition. And that tradition is slinky hitting someone else's golf ball. John evidently has a fetish for playing with other people's balls. This was quickly discovered by Tom Kellythorn who grew ever more annoyed when Slinky would sidle up to his ball and readied himself to stroke it. On numerous occasions there was a miscommunication on who's ball was whose.

In the end Tom went to extreme measures to make sure John was only ever playing with his own balls, and it seemed to work.

## What Is a 'Wrong Ball,' and What's the Penalty for Playing One?

You and your buddy tee off on a [hole](#) and both hit into the [rough](#). You reach the golf balls first and play your [stroke](#). But when your buddy checks out the other ball, he discovers some bad news: You accidentally hit *his* golf ball. You played the wrong ball. Whoops.

What's the penalty? First, let's define "wrong ball."

## 'Wrong Ball' Definition in the Rules of Golf

So what, exactly, is a wrong ball in golf? This is the official definition of the term as it appears in [The Rules of Golf](#), written and maintained by the USGA and R&A:

A "wrong ball" is any ball other than the player's:

So, basically, before you play any stroke, *make sure the ball you are about to hit is yours!* Duh! This is why the Rules of Golf also state that it is every golfer's obligation to write or draw onto the golf balls they are using some kind of identifying mark. That way if you and your buddy (or fellow-competitor or opponent) are using the same make and model of golf ball, you'll be able to tell them apart.

Still, mistakes do sometimes happen. Maybe your ball is in a spot that makes seeing the identification mark you put on it difficult; maybe you're just rushed and assuming a ball is yours.

If this occurs during a round then according to the rules of golf a two-stroke penalty is issued in stroke play.

In stroke play, the offender must go back and replay any strokes with the correct ball. Failure to correct the mistake before teeing off on the following hole can result in disqualification.

The player whose ball was incorrectly played by a competitor or partner should drop a ball as close to the original spot as can be determined.

Ben Nichols also managed to commit this heinous crime on Sunday so please remember to mark your golf ball so you know which one is yours. Saying your ball is white with dimples is a good generalization to make it easier to claim any ball, however it is not really detailed enough. Remember also that the Sunday Leave Pass logo doesn't really cut the odds of confusion down either, as there is a good chance there is five or six of them going around the course at the same time.

While we are handing out advise it might be worth mentioning, that it is always a good idea to either put the brakes on your three-wheel golf buggy or at least point it parallel to the slope of the land when you are walking away from it. This was the final outcome of Shane Cummings golf buggy after it took off down the hill while he was putting on the 4<sup>th</sup> green. Luckily for Cider it only rolled about a Stu Coops drive from where it was meant to be and even more importantly the wheels didn't fall off. Shane was still able to continue his round and he carded the lowest gross score for the day. Shane had 78 off the stick and finished the afternoon in second place.

Congratulations to Tony MacIsaac on winning his first ever monthly title. To all of the doubters, bad luck. We knew he had it in him we just weren't sure if it was going to be this side of 2050. Well played Tony, you have booked a seat in the champion of champions challenge at Howlong, now wouldn't that be ironic if he ended up taking home that crown.

There were some very impressive scores at Yarrambat. Shane Cumming fell on the wrong side of the count back with Nett 66, Newell had started counting his chickens very early on with his score of 68, although third place and a couple of \$100 SOGO dollars will be a fair consolation prize. Mal Griffiths also scored well, he went home with a guaranteed 69 on the cards and Todd and Leigh both scored under their handicaps to finish in the top 5 with a score of Nett 70.

For the benefit of the newcomers or the uneducated we thought it would be a good opportunity to go through the player rankings and point scoring system again.

Once all of the players are ranked then the Seasons Championship points are allocated according to the position in the field. The player in 1<sup>st</sup> place gets 15 points, 2<sup>nd</sup> place 14 points, 3<sup>rd</sup> place 13 points, etc. etc. Any player who completes the round however finishes ranked outside the top 14 and is placed between 15<sup>th</sup> spot to BeerWench then they are all allocated 1 championship point for attending. The player with the most points at the end of the year is crowned the Points champion irrespective of how many rounds a person has played. If one person plays 13 rounds for the year and the person in 2<sup>nd</sup> place has only played 10 rounds but is close to the same score, then that is bad luck to the person in 2<sup>nd</sup> place. All players are invited to play the entire fixture. We reward participation rather than perfection and performance so if you play more often you will end up with more points.

Sunday Leave Pass competitions are run using Stroke, so you need to count every shot that you play, and you need to finish every hole. Each players Nett total score is then calculated by deducting the players handicap from the Gross score. If a player doesn't have an official Sunday Leave Pass handicap, then a temporary played to handicap is allocated on the day using the Callaway handicapping system.

### Reminder

The ball must be clearly on the CUT surface of the green or fairway to win NTP or longest drive. If it is not on the fairway it doesn't count.

Each player won 1 ball each.

### Golf Balls are owed to the following people:

<b>Tony MacIsaac</b>	<b>3x Balls Winner at Yarrambat</b>
<b>Nathan Griffiths</b>	<b>1 Ball NTP Beacon Hills 6<sup>th</sup> Hole</b>
<b>Nathan Griffiths</b>	<b>1 Ball NTP Beacon Hills 11<sup>th</sup> Hole</b>
<b>Mark Fitzpatrick</b>	<b>1 Ball NTP Ringwood 8<sup>th</sup> Hole</b>
<b>Ben Nichol</b>	<b>3x Balls Winner at Ringwood</b>

**PLEASE NOTE:** This year the monthly winner has the option of exchanging the number of balls owed to Raffle tickets for the end of year prize draw.

Just a reminder that for every round you play you are awarded a raffle ticket to go towards the end of year raffle, then extra tickets are issued if you wear the official club shirt plus extra tickets can also be won by winning a hole in the monthly skins competition.

"SKINS" were distributed to those players good enough to win a hole outright. If more than 1 player got the lowest score on a hole it is Jackpotted until an outright winner occurs.

Skins at **Yarrambat** were won by:

The handicapper has found his green pen and gone slash happy. Lots of golfers copped a significant trim off the handicap in preparation for the warmer months. Tony Grasso was the only player who was gifted any addition to his handicap. Good luck to Warren Perrett who's handicap has been adjusted from 19.6 to 12 as he switches over to using the slope handicapping system.

## HANDICAPS

The changes to player's handicaps are as follows:

**BOLD RED NUMBERS-** refer to players whose handicap has gone out

**BOLD GREEN NUMBERS-** refer to players whose handicap has come in

**BOLD BLACK NUMBERS-** refer to players whose handicap has remained unchanged

**NON BOLD NUMBERS-** refer to players who didn't play this month, so handicap has not changed

All of our members are now on official handicaps.

For those people interested in the mechanics of the handicapping system it can be best explained as the following.

### How to calculate a GA Handicap

#### To calculate a player's GA Handicap:

- you must firstly identify the player's most recent 20 scores,
- you then determine the 'Played To' value for each of these scores,
- you average the best 8 'Played To' values,
- and finally you multiply this average by 0.93. The resultant figure (to one decimal place) is the player's GA Handicap.

\* If a player's handicap record contains a lesser number than 20 scores, the number of scores used to calculate the player's handicap is as listed in the table below.

\* There is no requirement for a player's most recent 20 scores to have been returned within a specific timeframe. For example, the most recent 20 scores may span a period of three years or they may span a period of three months.

\* Once a player's handicap record contains 20 scores, the next score they return will result in the oldest of the existing 20 scores being removed (to be replaced by the new score).

STEP 1 – Use the table below to determine the number of scores to be included in the GA Handicap calculation:

**Number of Scores in Player's Handicap Scores to be Used in the Record Calculation**

5 to 6	Best/Lowest 1
7 or 8	Best/Lowest 2
9 or 10	Best/Lowest 3
11 or 12	Best/Lowest 4
13 or 14	Best/Lowest 5
15 or 16	Best/Lowest 6
17 or 18	Best/Lowest 7
19 or 20	Best/Lowest 8

Note: When the handicap record contains more than 20 scores, the GA Handicap calculation uses the best 8 of the player's most recent 20 scores.

# A word from our sponsors

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high-quality printing service. He will gladly do a good deal for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through **DNR print** via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffer Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So, start aiming at the hole we want to give it away this year there was a few close calls over the years, but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur at 1 in 12,750.") The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low-handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
