CONFIRM YOUR STATUS FOR NEXT MONTH

NEXT ROUND IS AT MARYSVILLE GOLF COURSE ON SUNDAY 27th OCTOBER 900am.
 Cost of the round will be **\$40.**

Please confirm your status for Marysville today by clicking on the links provided or send an email or text now.
studaydream@gmail.com or 0435003766. **Marysville Final numbers are actually due by this Thursday.**

To notify us of your status click on one of the following links **YES** **OR** **NO** or email direct to studaydream@gmail.com

We will not prioritize old members over new members. Old members know the ropes and should be able to confirm their status by sending a reply ASAP to ensure a spot is saved for them. We have quite a few new members who are committing early and regularly, so be warned to get in early if you want to get a tee time.

2019 Players Choice Awards

Voting ballot

<https://survs.com/survey/168r1ahx4d>

As the season comes to a close, it is time to start thinking about who will be getting the SLP Players Choice Awards. An email with a voting survey link was sent to you last week where you can nominate your preferred candidates for the awards.

The Award categories are:

MOST IMPROVED PLAYER

This prize takes into account the player who is believed to have made the most significant improvement in their game over the duration of the year. Please nominate a player who you think is doing much better now than they were at the start of 2019. Votes will be tallied from all of your peers and we will also take into consideration the change in the player's handicap through the duration of the 2019 season.

WORST IMPROVED PLAYER

This prize takes into account the player who is believed to have made the most significant downturn in their game over the duration of the year. Please nominate a player who you think is doing much worse now than they were at the start of 2019. Votes will be tallied from all of your peers and we will also take into consideration the change in the players handicap through the 2019 season.

LEATHER WEDGE

Each year the Leather Wedge award is given to the player who is best able to manipulate the rules of golf to help to improve their scorecard.

Actions such as kicking the ball out of the bushes with your foot when nobody looking. Not counting a short-missed putt because you were only mucking around. Dropping another ball where yours was lost without taking the relevant penalties and creative accounting (just not counting all of your shots.) These are just some

of the many different ways that someone can earn a nomination for the title of Leather Wedge winner.

ANGRY MAN AWARD

This category was introduced to acknowledge some of the memorable dummy spits on the course during the year. Players may nominate a player for an individual temper tantrum and give a brief explanation of the events leading up to and preceding the dummy spit or otherwise nominate a single individual who they believe has the shortest fuse and worst temper on the fairways without needing to nominate a single event. The player with the highest number of points from all nominations will be deemed the winner

This year we have added a couple of extra new categories for the Players Choice Awards.

BUSH WHACKER AWARD.

golf ball into bushes and the trees, gardens, lakes or out of bounds without needing to nominate a single specific event.

This category was introduced to acknowledge some of those memorable hard luck stories out on the course during the year. You may nominate a player for an individual incident where a player copped a horrible lie out on the course, copped a favourable or an unfavourable bounce off a tree or bush or even a time when they just got the bad rub of the green. In the comments section you can give a brief explanation of the events leading up to and preceding the event or otherwise you can simply nominate a single individual who you believe spends the most time whacking the

TIGHT WAD AWARD.

This category was introduced to make a feature of those members with very long pockets and extremely short arms. We all know they are out there; we see them each month when they suddenly take a backward step when it comes time to rattle the fine jar. Nominate the people who don't pay their fines each month or those players who get in a shout at the bar but then take off before it is their time to buy the drinks.

The monthly prize was sponsored by

The House of Golf.

Ringwood

Special thanks to our new golf specialty store **The House of Golf.** who joined as a Sunday Leave Pass Social club sponsor since the end of 2018. As part of the 2019 fixture we hope to be running a couple of social nights at the **The House of Golf.** in Ringwood using the virtual golf simulators. **The House of Golf.** generously donated some \$25 vouchers for the golf winners of each month, so please check out their website link from the SLP website and consider them for any golf purchases you make.

GOLF TRIP 2019 Howlong Golf Club

Please Note: We have booked the golf trip this year and we will be going to Howlong Golf course this year. The date of the golf trip will be **Friday 29th NOVEMBER to Sunday 1st DECEMBER 2019. The Cost is \$330.00.** We have booked for 30 players (3 people per room).
Please Note: We are now collecting balance of payments

CHOKING

Ask "Are you choking?"
Call 911 if person can't speak or breathe

Person is awake

Make a fist.
Place it above the person's belly button, well below the rib cage.

Pull sharply, inward and upward.

Continue until the food comes out or the person can breathe.

Person stops responding

Open the mouth. If food is there, take it out. If food is not visible, tilt the person's head back.

Pinch the person's nose. Place your mouth over the person's mouth and give two breaths.

Mick Harper has just enrolled himself into a first aid course after he was left to perform the heimlich manoeuvre on himself on the way home from Yarrambat after he suddenly found himself showing the symptoms of what will become the longest two months of a severe choke ever.

The reality has dawned on the Big Fella that 2019 is his greatest opportunity to break the drought and finally win a Sunday Leave Pass Championship crown and it all got too much for him and he has already started to choke and rumour has it, he will continue to do so for the next 8 weeks.

Seasons Championship winners.

2010 Gerard MacIsaac 114pts to Mick 112pts
 2011 Dale Robinson 135pts to Mick 93pts
 2012 Tony Grasso Snr 109pts to Mick 98pts
 2015 Dale Robinson 101pts to Mick 96pts
 2016 Andrew Clarke 105pts to Mick 102pts
 2018 Wayne James 97pts to Mick 93pts

Mick has held a convincing lead over the rest of the field for most of this year and all he needs to do, to stay out of his 8th Bridesmaid dress is to finish in the top 14 places and maintain his position closely in relation to his nearest rivals SOS, Todd and Stu. Unfortunately, he choked and fell down to 23rd place at Yarrambat giving each of the boys the opportunity to close in the gap. We are not sure now whether it might be he prefers to finish 2nd than win, because he seems to have found a way to lose the championship every year.

Just so he can finally win a some kind of trophy, Mick has put a request in for a new Sunday Leave Pass Player Choice award being the most consistent player. Mick thinks he should win most consistent because his golf has stayed the same for the last 10 years, I suggest, instead that we give him the accolade as the Least Improved because over the last 10 years the rest of the field have gotten better and improved, which makes Mick a worthy nomination for this award. If you havent voted yet this is definitely worth considering.

For the rest of us who were not choking it was a great day at Yarrambat, the sun was out the birds were singing and the golf was generally more positive than not. Interestingly the majority of the field posted better scores than they did for the previous round at Ringwood which is widely reputed as a very easy low scoring golf course.

Barry Hemsley was so excited by the weather forecast of 20 degrees that he not only donned the shorts, but he also had his shirt off before he even hit off the first tee.

It seems Barry was the only one who knew the nudie streak was coming and he came prepared with dark sunglasses to protect his eyes from the bright blinding sun's reflection which was radiated off of his white pasty skin. We are not sure why Barry even got the guns out because although he was confident at the time. His contribution to the Longest Drive only lasted 1 playing group before it was knocked off by Ben and then ultimately won by Tom K.

Stu Coops has lodged a formal protest for the long drive win because he hit the straightest drive he has ever hit in his life and despite the ball landing flush in the middle of the fairway, the landing strip had a bend in it so where his ball came to rest it had rolled off the end of the fairway and was therefore declared ineligible for the Long Drive prize.

One player who can claim he was hitting the ball very powerfully is Rick Turcinovic who belted his ball so hard that he took a slice out of the plastic coating. We haven't seen a slice on a ball, that big since before Tony MacIsaac started getting lessons from Darren Rowland at Ringwood.

Perhaps the damage to the ball was caused by Ricks second shot into the par 5 eleventh hole when he flushed his Hybrid 200 meters down the fairway to just alongside the green. Rick even shocked himself at how good the ball flew and he said to his playing partners, **“that was a ripper, it looked like I actually played a proper golf shot.”**

Johnny Mea also finished his round with his golf ball showing signs of severe impact damage, Slinky's ball might well have also almost been covered in blood after he spiked his 3 wood straight into Rick's golf buggy. Never should anyone walk with in a 45 degree arc in front of John when he is playing a shot because you just never know in which direction the ball is going to go. In this instance Rick was pushing his buggy past the lake on the last hole when Slinky's ball smashed into his wheel as he walked. John could count himself lucky because had the ball not hit Ricks cart it would have most certainly ended up swimming in the bottom of the lake.

Charity and good sportsmanship appeared to be the flavour of the day. There were a few chip shots which were made to look a whole lot better because they were backstopped by a playing partners ball lying on the green. Stu Coops sacrificed life and limb when he saw Colin Ewarts golf ball disappearing off the green and into the lake on the 7th hole. Colin had had a tough day, he had been ripped off on the very first hole when a great drive resulted in a lost ball in the long daisy flowers and the day had only gotten worse from there. Rumour had it that Col was down to his very last golf ball in the bag, so when he hit a chip from high up on the bank above the green on the 7th hole and his ball hit the downslope and decided it was time to disappear forever, Stu Coops reacted and offered a helping hand. Stu ran 15 meters across the green and did a Superman face first dive to grab Colins ball before it made the water. Stu got there just in time to save the ball but Stu himself disappeared headlong down the slope of the bank coming to rest just centimeters from ending up in the lake himself.

The kind gesture was not reciprocated when on the very next hole the par 3 eighth hole Stu's ball spun off the side of the green and rolled back towards the lake. Instead of running out to try to assist, Colin pretended he couldn't see what was happening, he took a backward step and lit himself a cigarette.

With golf balls flying every which way there were plenty of players pleading their case for nominations for the Bush Whacker award. Andrew Clarke came within inches of hitting Todd Neilson in the bush when he shanked the ball straight past the Canadian boatpersons private parts.

A big drive down the 7th hole ran straight through the group in front, showing that the majority of golfers do not read the signs.

Andrew Clarke's playing group looked like they were shooting darts when three of the four players in his group surrounded the flag stick with great shots into the par 3 fifth hole. Each ball was within 4 meters of the hole which is very impressive golf.

Unfortunately, Andrew took the saying shooting darts a little too literally and on the very next hole he nearly got himself a bullseye when he snap hooked his shot into the adjoining archery range.

When people are shooting darts it is a sure sign that there are going to be plenty of birdies out on the golf course. No not the magpies, just like in the preliminary final despite all of the hype and talk about them they just didn't turn up.

Birdies however were aplenty. Adam Cooper started the day with a birdie on the opening hole and he also went on to capitalize on his nearest to pin winning shot rolling in a very nice birdie two on the 12th hole.

Cliff Rowe also made multiple birdies going sub par on the 6th and 11th holes. The longer holes were where the majority of birdies were more makeable, Wayne and Andrew birdied the par 5, 2nd hole, and Mal & Stu both had fours on the 11th Hole. Stu's birdie including a shank with his second shot. Ron Parsons also added to the birdie count when he made a birdie on the 14th hole.

Overall there were 9 birdies for the day and none of those at the hand of the current eclectic stroke leader big Mick Harper.

Yarrambat was kind to most players. The Newell count was very low. In fact from 27 players there was only one score of 10 or more. Interestingly the two main candidates, Highway and Brendan both stopped counting before getting to 10 strokes on any hole, so it was only Barry Hemsley who had a major blemish, otherwise October 2019 could have been our first ever Newell Free round.

It should be said that there is a possibility a few Newells may have been achieved but not recorded on the score card. Evidently Stu Coops had a shocker on the par 3 16th hole. With the ball in the hazard 3 times he looked to be racking up enough shots to score a Newell. Interestingly, when he got off the tee, John his playing partner said in a hushed voice, **“what do you want to do with that hole, do you want to count it?”**

Gerard MacIsaac had an absolute horror show, not just for one hole, but for the entire round. Gerard is reputed as the best putter in the club yet he accumulated 23 documented putts on the front 9 including 3x four putts and a 3 putt green. Rumour has it one of those four putts could have been a 6 or 7 putt because he never managed to hit the ball into the hole. Arguably this should have resulted in a Newell on the scorecard however his marker stopped counting shots for fear of the Angryman wrapping a golf club around his head.

The good news for the marker was he was able to find evidence to nominate Gerard for 3 separate players choice awards all on the same hole. A) Leather Wedge B) Angry Man and also C) Least Improved

With a score of 97 Nett 87 Gerard finished 6 places clear as the October Beer Wench. He has now joined an elite group who will be playing off in the Beer Wench of Beer Wench match on the golf trip and he will also be obligated to wear the pink vest in a fortnights time at Marysville.

<https://www.sundayleavepass.com/beer-wench-wall-of-shame/>

The battle of the Beer Wench is going to be a very small field the way things are going. So far, the play off will be a competition between. (January) Brendan MacIsaac (February) Warren Perrett (March) Brendan MacIsaac (April) Stuart Cooper (May) ~~Matt Robinson Not going on golf trip~~ (June) Brendan MacIsaac (June) Brendan MacIsaac (July) ~~Matt Robinson Not going on golf trip~~ (August) Cam Ross (September) Colin Ewart. (October) Gerard MacIsaac. With only a few rounds left to play out yet, it will be interesting to see who else qualifies for the Beer Wench of Beer Wench playoffs.

Although Adam Cooper is not a regular player, he was still trying to get himself a few nominations for at least one of the Sunday Leave Pass Players Choice Awards. Adam has his sights on the Bush Wacker award, and he spent most of his time in the trees and found himself in some very interesting positions as he tried to hit his ball back into play.

Hitting the golf ball into the trees was just one easy way to add damage to the score card, however probably the area of most destruction to a round at Yarrambat came at the mercy of the putter. The Yarrambat greens were furry slow and tough to read. The proof of this was in the statistics. 995 putts from 486 holes scoring at an average of more than 2.04 putts per hole. To put it into perspective the previous month at Ringwood where the greens played much nicer, as a collective group the putting average was closer to 1.95 strokes per hole.

Greg Parsons was the worst of all putters, he had 2x 5putts and another 6x turns at wearing the three-putt monkey vest. Interestingly, even with 47 putts for the day Greg still finished in 14th place with Nett 78. Ten less putts or had he scored at the average 36 putts per round and he would have been knocking on the door of the winner's circle.

Greg might need to take a leaf out of the slinky at Fitzy book and leave the putter in the bag. These guys scored a zero-putt when they both chipped in during their rounds. Or even better still, Greg should consider copying Cliff Rowe who not surprisingly had the lowest number of putts for the round (32 on the difficult greens including 7x one putts) however Cliff was caught with an interesting extra piece of equipment in his golf bag.

I am not sure if a hole cutter is considered an extra club or if it is prohibited under the rules of golf, however it certainly helped Cliff to manufacture a very good score by moving the hole closer to his ball.

For those who didn't have the hole cutter, it was a very tough day on the greens. The fine jar was topped up with gold coin donations from the 12x four putts plus the 3x other five putts or worse. The flouro yellow vest was covered in lots of different DNA as it did the rounds from player to player. There were 79 three putts scored overall with the biggest culprits being Fitzy, Jaxon, Barry, Rick, Greg, John & Newell.

It was interesting to see that the guys sitting in the high rankings, positions 1 and 2 were also both classed as the worst players with the flat stick. One can only wonder what scores it could have been if Fitzy and Newell had of putted better. Both guys were already several strokes better than their handicaps with sub-par rounds. So, a few less putts and they would have been posting scores in the low 60's.

We don't know what Fitzy's secret is to his recent run of good form however in the car on the way home Newell shared his secret to success. We always thought Newell was getting better because he plays golf almost every-day and has lessons three times a week while his wife is off at work bringing home a wage to sustain his perfect lifestyle. However evidently, it is something else that Newell's wife does for him that helps him to improve his game. According to Newell and we quote **“you always know you are going to have a great day when it starts with a night of great sex, you get a nice cooked breakfast in the morning and then you know the day just gets better from there.”**

Over the years many coaches have demanded abstinence before a big game, whereas Newell rebuts this theory and encourages the exact opposite. He reckons he plays better the more action he gets. With the form he is showing at present he must be getting plenty of loving and he had better make sure that he locks the front door before the Marysville round or else Mrs. Newell might find that there is a queue of 27 blokes ready for a motivational pep talk on the Sunday morning before round.

Ben Nichol did play golf at Yarrambat, he is like the quiet achiever that no one even realizes he is there. Ben finished in 3rd place with out anyone even being aware of his presence. Ben played some excellent golf and snuck up on the rest of the field, perhaps it was his stealth, his quiet disposition or perhaps it was his sneaky technique of using camouflage. Ben is hidden in the photo below somewhere, see if you can spot him in amongst the daisy flowers

Ronnie Parsons is running out of rounds to empty his beer ledger. Ron has been a strong performer as Champion of Champions, and he has now threatened to catch an Uber to Marysville and Morack in order to make sure he gets as many of his IOU'd drinks as he can before his time runs out. As the reigning champion Ron has the power to tap any member on the shoulder and ask them to buy him a beer. Ronnie retains this privilege right up to the end of the Morack round and then the illustrious Blue Jacket will be back up for grabs again on the golf trip when the winners of each monthly title play off for the Champion of Champions crown. As it looks to date, there will be quite a small field in the competition as many of the monthly title victories have been claimed by people who are not going on the golf trip. There are still 2 places left to be filled, so hopefully a few more of those will be won by players attending the golf trip or maybe preferably not. Fitzzy had previously booked himself in the playoff when he won at Dorset so the good news for those who have already got a reserved place in the playoffs, is that there are no new extra challengers to be added to the Champion of Champions field this month.

So far, the play off will be a competition between. (January) Wayne James (February) Brendan MacIsaac (March) Stuart Cooper (April) Mark Fitzpatrick (May) (~~Brent Douglas Not going on golf trip~~) (June) Tony Grasso ~~Not going on golf trip~~ (June) Mick Harper (July) ~~Anthony Emmerson Not going on golf trip~~ (August) Tom Kellythorn (September) ~~Anthony Emmerson Not going on golf trip~~. Mark Fitzpatrick (October) With only a few months left to play out, it will be interesting to see who takes over from Ronnie Parsons who is doing a great job of cashing in on the title and free beers. I promise if it is me then every single name will have a paid flag beside it by the end of the year.

Congratulations to Fitzzy who claimed his 2nd victory in 2019. It had been a lean 13-year drought since Fitzzy last took home the chocolates however this year, he has taken his career winnings from 3 to 5 monthly titles. It should also be noted that Mark is also one of the few long serving members who has never finished in the Beer Wench position. 0 of 67 rounds is a pretty impressive effort.

Despite trying to destroy himself by putting horrendously, Fitzzy still managed to do enough to hold off the fast finishing, Newell in his afterglow. Fitzzy had 6x 3putts and still finished with 87 off the stick. Considering his career low score is 81 he could have quite easily knocked that record down had he been a bit more efficient with the flat stick.

Although he didn't get to come first, Newell's all-night antics did mean he got to finish in a good position. Similarly, to Fitzy, Newell had trouble getting his balls into the hole. He had 6x three putt greens however his score of 91 was still an equal career best and by far his best place ranking in 2019. It's hard to imagine that only 18 months Newell would have been lucky to have 6 pars in a season and now he has achieved this feat in just one round at Yarrambat. His coach Darren Rowland is certainly a miracle worker.

Coming on the top end is a fantastic feeling and it is even better when you get the opportunity to share it with someone else. Ben and Todd both had big smiles on their face when they realized they had shared a 69 together. Ben was awarded the higher position because he finished off his round with a better performance playing the homeward holes with more finesse than did Todd.

Adam Cooper went sub-par showing that although he is not playing golf with the social club very often, he is certainly honing his skills and playing regularly somewhere else. Credit also goes to Ronnie Parsons and Rick Turcinovic who both played rounds to match their handicaps. Rick had 71 swats and one proper golf shot. Great effort lads.

For those players not familiar with the scoring process, listed below is the format we use in Sunday Leave Pass competitions.

Once all the players are ranked then the Seasons Championship points are allocated according to the position in the field.

The player in 1st place gets 15 points, 2nd place 14 points, 3rd place 13 points, etc. etc. Any player who completes the round however finishes ranked outside the top 14 and is placed between 15th spot to BeerWench then they are all allocated 1 championship point for attending.

Sunday Leave Pass competitions are run using Stroke, so you need to count every shot that you play, and you need to finish every hole. Each players Nett total score is then calculated by deducting the players handicap from the Gross score. If a player doesn't have an official Sunday Leave Pass handicap, then a temporary played to handicap is allocated on the day using the Callaway handicapping system. Once the players Nett score is calculated they are ranked from lowest score to highest score. (BeerWench) Where more than one player has the same Nett Score (such as in the example below the place allocations are decided based on a countback system.

The count back system is formulated as the following. *Total number of stableford points scored on the back nine holes.

*In the event that both players have the same stableford score on the back nine it then reverts to the number of stableford points scored on the eighteenth hole. If this is the same then it goes to the 17th hole, sixteenth hole, fifteenth hole until a player has a better hole and therefore has a higher stableford score than the other.

<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <th style="width: 50%;">Mick Harper</th> <th style="width: 50%;">Mark Sfiligoj</th> </tr> <tr> <td>stableford</td> <td>Stableford</td> </tr> <tr><td>+3</td><td>+3</td></tr> <tr><td>+1</td><td>+1</td></tr> <tr><td>+1</td><td>+3</td></tr> <tr><td>+3</td><td>+1</td></tr> <tr><td>+2</td><td>+3</td></tr> <tr><td>+3</td><td>+0</td></tr> <tr><td>+2</td><td>+3</td></tr> <tr><td>+3</td><td>+1</td></tr> <tr><td>+1</td><td>+3</td></tr> <tr><td>+2</td><td>+2</td></tr> <tr> <td>Mick Harper</td> <td>Mark Sfiligoj</td> </tr> <tr> <td>+19</td> <td>+36</td> </tr> <tr> <td>18</td> <td>+17</td> </tr> <tr> <td></td> <td>+37</td> </tr> </table>	Mick Harper	Mark Sfiligoj	stableford	Stableford	+3	+3	+1	+1	+1	+3	+3	+1	+2	+3	+3	+0	+2	+3	+3	+1	+1	+3	+2	+2	Mick Harper	Mark Sfiligoj	+19	+36	18	+17		+37	<p>In this instance from Dorset both Mick and Supercouch had Nett 66 after their handicap was deducted from the Gross Scores. So, we go back to a countback.</p> <p>In this example Mick wins and gets the higher place finish. Mick had 18 points on the back nine compared to Fil who could only conjure up 17 stableford points on the back nine and was therefore relegated down a place.</p> <p>If in the event that the countback then identifies that both players have had the same stableford points score on the back nine then we go back to the individual holes starting from the 18th hole and compare results until a player had a standout result. In the example shown on the right from both Rick and Barry at Dorset, each of them had 18 Stableford points. Since Barry had a bogey for 2 points whereas poor Rick only had a score of 6 for 1 points on the 18th hole therefore Barry wins the countback and Rick is relegated back to a lower place ranking. If both scores are equal then we go back to the 17th hole, then the 16th, etc etc.</p> <p>PLEASE NOTE THAT THE COUNT BACK IS ON HOLES 10-18 irrespective of whether it is a two-tee start, a normal hit off from the first hole or as in the case of Warburton or Devils Bend where we hit off the 10th hole and the 1st hole. It is always the 10th to 18th holes and if one person starts on the 10th hole and the other hits off the first hole then it still remains exactly the same formula.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <th style="width: 50%;">Rick Turcinovic</th> <th style="width: 50%;">Barry Hemsley</th> </tr> <tr> <td>Stableford</td> <td>Stableford</td> </tr> <tr><td>+2</td><td>+1</td></tr> <tr><td>+4</td><td>+2</td></tr> <tr><td>+3</td><td>+0</td></tr> <tr><td>+3</td><td>+3</td></tr> <tr><td>+1</td><td>+1</td></tr> <tr><td>+1</td><td>+3</td></tr> <tr><td>+2</td><td>+1</td></tr> <tr><td>+0</td><td>+3</td></tr> <tr><td>+3</td><td>+3</td></tr> <tr><td>+1</td><td>+2</td></tr> <tr> <td>Rick</td> <td>Barry</td> </tr> <tr> <td>+18</td> <td>+18</td> </tr> <tr> <td>+18</td> <td>+18</td> </tr> <tr> <td></td> <td>+36</td> </tr> </table>	Rick Turcinovic	Barry Hemsley	Stableford	Stableford	+2	+1	+4	+2	+3	+0	+3	+3	+1	+1	+1	+3	+2	+1	+0	+3	+3	+3	+1	+2	Rick	Barry	+18	+18	+18	+18		+36

The player with the most points at the end of the year is crowned the Points champion irrespective of how many rounds a person has played. If one person plays 13 rounds for the year and the person in 2nd place has only played 10 rounds but is close to the same score, then that is bad luck to the person in 2nd place. All players are invited to play the entire fixture. We reward participation rather than perfection and performance so if you play more often you will end up with more points.

Just a reminder that for every round you play you are awarded a raffle ticket to go towards the end of year raffle, then extra tickets are issued if you wear the official club shirt plus extra tickets can also be won by winning a hole in the monthly skin's competition.

“SKINS” were distributed to those players good enough to win a hole outright. If more than 1 player got the lowest score on a hole it is Jackpotted until an outright winner occurs.

HANDICAPS

The changes to player's handicaps are as follows:

BOLD RED NUMBERS- refer to players whose handicap has gone out

BOLD GREEN NUMBERS- refer to players whose handicap has come in

BOLD BLACK NUMBERS- refer to players whose handicap has remained unchanged

NON-BOLD NUMBERS- refer to players who didn't play this month, so handicap has not changed

As a new member of the Social Club the Callaway Handicapping system is used to give the player a daily played to handicap for the first couple of rounds. Once they have played 3 rounds, they are given a temporary club handicap using the original AGU handicapping system. After 5 rounds they are then switched across to the current slope handicapping system.

The handicapper has taken to many golfers this month, slashing the handicaps of those who deserved it. Still many players received a bit of a bonus as the 2019 season quickly draws to a close.

For those people interested in the mechanics of the handicapping system it can be best explained as the following.

How to calculate a GA Handicap

To calculate a player's GA Handicap:

- you must firstly identify the player's most recent 20 scores,
- you then determine the 'Played To' value for each of these scores,
- you average the best 8 'Played To' values,
- and finally you multiply this average by 0.93. The resultant figure (to one decimal place) is the player's GA Handicap.

* If a player's handicap record contains a lesser number than 20 scores, the number of scores used to calculate the player's handicap is as listed in the table below.

* There is no requirement for a player's most recent 20 scores to have been returned within a specific timeframe. For example, the most recent 20 scores may span a period of three years or they may span a period of three months.

* Once a player's handicap record contains 20 scores, the next score they return will result in the oldest of the existing 20 scores being removed (to be replaced by the new score).

Full Technical Procedure for Calculating a GA Handicap

STEP 1 – Use the table below to determine the number of scores to be included in the GA Handicap calculation:

Number of Scores in Player's Handicap Record Scores to be Used in the Calculation

5 to 6	Best/Lowest 1
7 or 8	Best/Lowest 2
9 or 10	Best/Lowest 3
11 or 12	Best/Lowest 4
13 or 14	Best/Lowest 5
15 or 16	Best/Lowest 6
17 or 18	Best/Lowest 7
19 or 20	Best/Lowest 8

Note: When the handicap record contains more than 20 scores, the GA Handicap calculation uses the best 8 of the player's most recent 20 scores.

Course Ratings & Slope Look-up: http://www.usga.org/playing/handicaps/course_ratings/course_rating_lookup.asp						20+	10 lowest

Take Warren Perrett for Instance. He has now played 8 rounds with the club and his Best round was 13 over par and his next best round once again at Dorset is 27 over par or better described as a combined score differential of 40. When this value is divided by

2 and is then multiplied by 0.93 his official handicap is 18.6 which was rounded to 19.0. If he had actually played 20 rounds and the scores listed above were his best 6 scores, then his handicap would actually be 33.25. or rounded back to 33.3.

The more rounds a member plays the more reflective the handicap becomes of their skill level. Once a player has played 20 or more rounds each month the 20th round is dropped off and replaced with a new score. This is the point where a score inside the top 8 might drop off and be replaced by a higher score meaning the handicap goes up even though the player carded a decent performance.

PLEASE NOTE we have more people expressing interest than we have tee times booked. Please ensure you reply as early as possible as I cannot guarantee extra tee times. There is no priority to long term members, places are allocated on first in first served. Everyone has the opportunity to reply to correspondence sent to them to secure a place in the field.

A word from our sponsors

The monthly prize was sponsored by

The House of Golf.

Ringwood

Special thanks to our new golf specialty store **The House of Golf.** who joined as a Sunday Leave Pass Social club sponsor at the end of 2018. We look forward to a good working relationship with them. As part of the 2019 fixture we hope to be running a couple of social nights at the **The House of Golf.** in Ringwood using the virtual golf simulators. **The House of Golf.** generously donated some great prizes for the golf trip and raffle, so please check out their website link from the SLP website and consider them for any golf purchases you make.

Special Thanks to Dale Robinson who is the longest serving sponsor for the Sunday Leave Pass Social Club. Dale runs a printing business and is offering a high-quality printing service. He will gladly do a good deal for any Sunday Leave Pass members wanting to order business cards, fliers or any other printed material. To find out more information about what he can do for you he can be contacted on 0438147788.

Remember that any printing job ordered through **DNR print** via the social club, Dale will donate 5% of the proceeds directly back to social club which offers us the opportunity to provide better prizes for everyone and it is good to keep your business opportunities within the network if it is possible. Wood Tech, my previous company Hudson Bond and even the Super-coach (believe it or not) have actually used Dale's business and everyone that had done so speaks very highly of the service and work that he produces.

Evergreen Winery Tours

Yarra Ranges Wine Regions

Sponsored by

For those who were not aware of the "hole in one prize", any player who scores a hole in one or an Albatross during a Sunday Leave Pass event will win a complimentary Chauffeur Driven Winery Tour for 2x people through the Yarra Valley, courtesy of Evergreen Winery Tours. So, start aiming at the hole we want to give it away this year there was a few close calls over the years, but we are still yet to achieve the perfect shot despite more than 12000 attempts since 2004.

(In 1999, *Golf Digest* reported, "One insurance company puts a PGA Tour pro's chances at 1 in 3,756 and an amateur at 1 in 12,750.") The *Golf Digest* study even breaking the odds down by quality of play:

- Professional Tour player making an ace: 3,000 to 1
- Low handicapper making an ace: 5,000 to 1
- Average player making an ace: 12,000 to 1

Based on this information we are due any time so make sure you turn up to play as it may just be you that claims the ultimate prize.
